reflect independence

Student life at SFA is interesting, full of excitement and fun. Whether living in the residence hall, living off campus or living in a campus apartment, it doesn't matter. It is all a part of being a Lumberjack. From Jack Camp where future students train to be Lumberjacks to graduation where students take their final walk across the stage, the years at Stephen F. Austin State University reflect students gaining independence, self confidence, self-respect and the ability to go out in the "real world" and show how Lumberjacks do it.

watermelonbash

Nothing says summer more than a cool slice of watermelon on a hot July day!

The Student Government Association and Student Activities Association teamed up July 10 for the annual Watermelon Bash in the fountain area around Surfin' Steve. The Watermelon Bash included contests ranging from the watermelon roll to a seed-spitting contest. Brittany Scott, SGA president and Dallas senior, said this year was the highest turnout ever to the Watermelon Bash.

"Students were very receptive this year," she said.

Scott said this event is really informative about the University and lightens the summer school mood for SFA students. Students can also meet the deans of their colleges during the event.

"The Watermelon Bash sets a positive tone for students for the rest of the semester, because summer classes can be really overwhelming," she said. "It allows students to get information about changes on campus, talk to their deans and learn what SGA is doing. It's a social tool and informational tool. It also lets students meet up with other students, because we all know summer can be a lonely time."

The Watermelon Bash is SGA's oldest standing tradition. This year's turnout offered its guests free watermelon, of course; free Papa John's Pizza, and T-shirts.

"It's really a fun social event," Scott said. "Everything is donated for the students and local community who attend. It's all free fun in the sun."

Go to Camp, or You Won't Know Jack!

Jack Camp is an optional program for incoming freshman intended to establish friendships, learn about residence life, meet student leaders, become familiar with SFA traditions and learn about SFA campus life in a very relaxed atmosphere. Jack Camp also allows students to get acquainted through recreation activities, intramural sports and evening mixers.

The program has grown to include three freshman sessions and an additional session for transfer students, all within a four-week period prior to the fall semester.

Opportunities to bond, share, work and encourage allow the counselors and staff to learn valuable leadership and social skills. As a result, the freshman will begin to develop relationships and a network of support that will aid in their transition to SFA.

The Jack Camp mission is to provide each new student an opportunity to connect with their peers and student leaders on a social level, to meet faculty and staff in an environment outside the traditional college setting and to develop a sense of University pride, making a more successful transition to the University and its way of life.

SFA is a special place, and Jack Camp is dedicated to helping each new student get started in the right direction. It strives to create a support system that allows new students to build relationships and share in the Lumberjack Spirit. Everyone involved is dedicated to providing an unconditionally accepting environment while celebrating and embracing diversity in everything. By working together as a team, the goal to assist and ignite the spirit and unity in all new students can be accomplished.

College life is a great balancing act

101

and there are many resources at SFA to help students succeed as they navigate the transition from high school to college. SFA 101, a so-called "freshman survival course," is one of those resources.

SFA 101 helps students lay the bricks for a solid foundation on which to build their collegiate career and beyond. Although the course is not required, it has proven to be a tool which can help freshmen make the jump to college as smoothly as possible and has shown to boost a student's GPA during that critical first semester.

Faculty and staff members are hand-picked to teach the course, and each section has a junior or senior student who serves as a mentor and student instructor. These faculty, along with their student instructors, become great resources for linking students to many other resources that can help make the difference between collegiate success and failure.

The SFA 101 curriculum includes information on topics such as academic integrity, accessing and evaluating information, campus and community service opportunities, college classroom learning strageties, University resources, personal survival skills and the value of a college education. Also covered are University rules and procedures, working successfully with peers, and SFA history, traditions and pride.

Story by Adam Lamar

sfa

Pat Spence's SFA 101 students show their purple pride while posing for the University photographer. Student instructor, Lindsey Standley, senior from Anahuac, said, "SFA 101 really gives students a chance to learn everything they can about the University, as well as how to adjust to college life. As the semester progresses, you can always notice a significant change in their level of maturity and drive to succeed.

Lumberjack Alley

Tailgating + Lumberjack Football=

On brisk East Texas Saturday mornings, visitors to the southwest parking lot in front of William R. Johnson Coliseum are greeted by a mass of students, alumni and community members. The crisp fall air is filled with the scent of meat being grilled over charcoal and the clicking sound of aluminum cans being popped open. This little slice of heaven is know as LumberjackAlley.

Sponsored by the SFA Department of Athletics and the SFA Alumni Association, this pre-game party gives Lumberjacks, both old and new, the chance to pack the Alley for pre-game food and fun, and then pack the stadium to support Lumberjack Football. The parking lot is opened on Friday afternoons so that everyone can get their campers and cookers ready for the Saturday morning extravaganza.

"Lumberjack Alley is simply a great venue for Lumberjack fans of all ages to have a good time visiting, eating and just getting ready for the game," Rhonda Minton, communication director for the SFA Alumni Association, said. "You'll find a wonderful mix of alumni, students and community members wandering from tailgate space to tailgate space. It's a great place to meet new friends who also share the common bond of being Lumberjacks and Ladyjacks. It's on its way to quickly becoming a favorite SFA tradition."

Below: Erin Graham, Dallas sophomore, shows her Lumberjack pride at Lumberjack Alley. Her homemade shirt, painted face and spirit spread to other students. *Photo by Mindy Arendt*

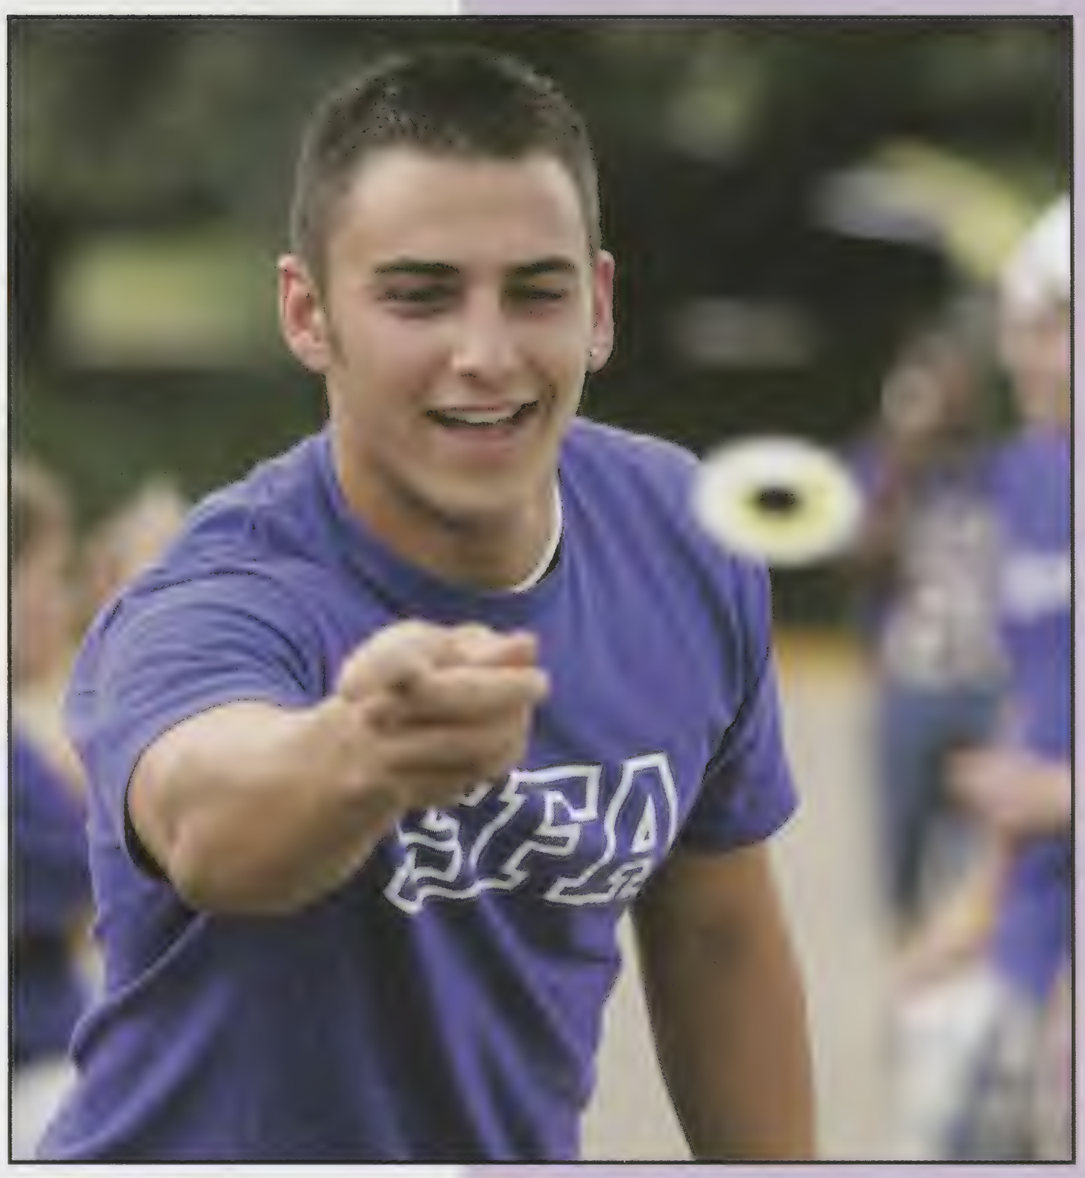

FUN

"Lumberjack Alley is a great way to show your school spirit and get ready for that day's football game," according to Lindsey Standley, Anahuac senior

"Lumberjack Alley is something I wish we would have had when I was at SFA. It provides a great opportunity to get together with my old fraternity brothers before the football games," said Aron Kulhavy, Nacogdoches city planner, Class of '98.

Story by Adam Lamar

piney woods fair

Each year the Piney Woods Fair rolls into town during the fall, bringing about that treasured time when students, townsfolk and those lovable creatures affectionately known as carnies intermingle for about a week before all going their separate ways once again.

Fun and frolics are everywhere, as fairgoers stand in line to get beer so they will have something to drink while they stand in line to get tickets which allow them to stand in line to ride the rides that make them throw up the corndog they stood in line to get earlier.

Other events include such crowd favorites as the tractor pull or "Mug Bog" and various performances by everything from ventriloquists and magicians to cheerleaders and ninjas.

SFA students from the School of Nursing, the Rodeo Club, the cheerleading squad and the Department of Communication chipped in and did their part to make this year's fair a major success.

The School of Nursing provided free blood pressure readings and also administered over 300 flu shots.

The Rodeo Club helped out with the more agricultural parts of the fair while raising money for its own Intercollegiate Rodeo, which is held in November. Members and alumni of the Rodeo Club have been involved with the fair for more than 10 years.

"When you are in the Rodeo Club, you'll have friends and connection for life," said Charlie Younts, president of the Rodeo Club and Nacogdoches junior.

The Cheerleaders and the Pom Squad took part in the Saturday competitions and performed along with the aforementioned magicians and ninjas.

Communication students shot footage of the fair and all its excitement for SFA TV-2's campus talk show, "Purple Pride of the Piney Woods."

Not every student at SFA was involved at some type of volunteer activity, but even those who were just in attendance felt that their time at the Piney Woods Fair was well spent.

"I had a really good time at the fair," said Justin Elbert, Waller junior. "My girlfriend and I took some of her kids from Young Life because it was a good wholesome environment. Everyone should go next year."

Student involvement with the fair has seen a rise as enrollment numbers at SFA have increased, but seeing a major jump in the number of students involved is the dream of some fair officials such as Nacogdoches Country Expo Center Manager Bill Plunkett, who said, "I would like to see more college students from large areas get involved and experience what a small town fair is like."

In connection with the fair each year SFA teams up with the Nacogdoches Chamber of Commerce for The SFA-Chamber Connection's "treasure hunt."

The hunt offers students a way to find out about some of the businesses and organizations in town. Students are required to get their treasure hunt form signed or stamped by the participating business.

The Chamber of Commerce sees SFA students as actual citizens who will be spending at least the next four years in the community. Participating in the treasure hunt allows those students to become more comfortable with the Nacogdoches community outside of SFA. Forming both formal and casual relationships with local business owners helps students not only overcome the culture shock of moving from larger cities, but also allows them to find favorite local hotspots where memories will be formed that they can treasure for years in their post college careers.

Purple Haze

Are you ready for some football?

Purple Haze section is the fan section at SFA football games that everyone knows about. It is the place where the Lumberjack spirit and bleeding purple unite to form one serious fan base of students.

Within the sea of purple t-shirts and painted faces, students can rally behind the football team and poke fun at the opposing players.

Anthony May, Dayton senior, said the Purple Haze section is one of his most memorable experiences as a Lumberjack.

"It was one of my earliest memories as a student here at SFA," he said. "I was even more proud when I went to the hardware store to buy my very own axe pole."

The Purple Haze tradition was born

Photo by Justin Elbe

Photo by Chris Litherland

How about some Purple Haze?

out of a retreat of student leaders who thought the campus needed a little school-spirit boost. The tradition has held up as one of SFA's more stand-out events.

Shane Szczerba, Van Buren, Ark., senior, said this tradition really elevates the level of school spirit at home games.

"The Purple Haze section at football games really invokes school spirit," he said. "It's just wicked awesome."

Every freshman is presented with his or her very own Purple Haze t-shirt when attending Orientation to keep this tradition going with each passing football season.

SFA Football will always have a serious fan-base committed to them with their Purple Haze section cheering them on.

All Work and No Play...

ac·tsin·high

With the recent closing of some of Nacogdoches' most popular hot spots, including the well-known Jitterbugs and the Lumberyard, places to spend a Friday night became harder to find this year.

However, Nacogdoches is far from being a boring little town. Places like Banita Creek Hall, the Sports Shack and the Anex keep the nightlife party going.

The best events Nacogdoches has to offer are concerts of all different types. Some are big name bands like Cross Canadian Ragweed and Casting Crowns, and others are up-and-coming stars like Kevin Fowler.

"I love concerts in Nac because they're never too crowded," Lindsey Standley, Anahuac senior, said. "I've met so many singers and have been able to talk to them on a personal level just because Nac is a smaller town, and you have a better opportunity to meet them."

Other activities students like to enjoy on the weekends are Rita's open-mic nights and going to Nine Flags, which is beside the Fredonia Hotel. Nine Flags is a bar that has a patio where students can sit, visit with friends and occasionally get to listen to a live band.

For students who don't like to "bar-hop," Nacogdoches offers other alternatives such as eating out at different restaurants, going for a walk on the Azalea Trail or antique shopping in downtown.

Lake Nacogdoches is a place where students can relax and fish or swim.

"I like going to the lake because it's peaceful," Jennifer Daniels, Athens senior, said. "I just take a few of my closest friends with me, and we hang out. There's no cover charge, and we don't have to scream over loud music to hear each other."

Some students said instead of going out on the town every weekend, they just like to grab a group of friends and stay at home to watch movies or play games.

"It wasn't until I made friends here at SFA that I finally began to make my roots here," Stephen Raetz, McKinney junior, said. " I believe that true fun lies within the company you keep. Once you get a group of friends that will accept you for you, you don't need much of anything else."

So whether students went out on the town or just stayed home, they always found something fun to do in Nacogdoches.

Story by Holli Conley

Bullfrogs bartender, Kristen Sowell, works hard to let the SFA students have a good time. Bullfrogs offers specials such as Big Ass Beer Night on Wednesdays, drink specials for sporting events and fraternity parties. There are pool tables, foosball tables, over 20 big screen televisions and a jukebox for SFA students' enjoyment. The Backdoor, Anex and Bullfrogs are all connected. For warm weather, there is also an outdoor pool.

No Way!

Photos by Mindy Arendt

midnight mardi gras

The official welcoming of a new season of Lumberjack and Ladyback Basketball is celebrated with beads, basketballs and numerous cash prizes during the annual Mardi Gras Madness, held at the William R. Johnson Coliseum.

This event features everything from performances by the SFA spirit squads to a small scrimmage between members of the Lumberjack and Ladyjack Basketball squads.

The lights are dimmed as all of the players are introduced to the crowd and officially welcomed onto the home court.

Highlights of the evening include contests where students compete for a variety of prizes, and perhaps one of the more popular contests is the tuition shot. Students have the chance to win $1,000 in tuition for the Spring Semester.

In a separate contest, student organizations get the chance to win up to $600 by competing in a free-throw knockout contest. A representative from each organization battles it out to win the cash prize.

Throughout the event, the SFA spirit squads and members of the SFA Basketball teams toss out hundreds of beads, t-shirts and a few basketballs to the eager fans.

The SFA Pep Band is also on hand at the event to provide an extra dose of spirit.

One of the newest features of the event is a shooting contest with five pairs of Lumberjack and Ladyjack members competing.

"This puts a name with a face and get everyone excited about the season," said Lee Ann Riley, head coach of the Ladyjack Basketball team.

Mardi Gras Madness is starting to become one of the more popular SFA traditions and has been around for almost a decade.

Danny Merrell, host of the "Merrell in the Morning Show" on KICKS 105, serves as the MC of the event, and DJs from other local radio stations such as KFOX and Q107, station affiliates with Clear Channel Radio, are present.

This year's Mardi Gras Madness was sponsored by the SFA Alumni Association, Clear Channel Communications, Joe Max Green Insurance Company, Chase Bank, Varsity Bookstore, R&K Distributors, Nacogdoches Eye Associates, Tipton Ford, Elliott Electric Supply Co., Creative Photography and Bancorp South.

This growing SFA tradition will no doubt have Lumberjack and Ladyjack fans fired up with spirit for years to come.

Living on campus

The game rooms in the new residence halls provide the simple breaks from studying. *Photo by Jusitn Elbert*

The new apartment-style dorms offer many casual pieces of furniture to relax and enjoy. *Photos by Theo Civitello*

has taken on a whole new look this year.

Nick Stevens, Houston sophomore plays pool at The Village with his roommates. *Photo by Justin Elbert.*

Everywhere students turn there are new places to hang out, different activities to take part in and more housing options than ever.

Since fall 2004, when University officials decided to improve the campus with new facilities, students have seen more and more things pop up all over campus.

The HPE building has increased its staff, added a new weight room and added workout classes to get students excited about the Recreation Center that is scheduled to open in fall 2007.

Students now have the opportunity to take part in different types of fitness classes free of charge at the HPE building. Students enjoy anything from yoga to kickboxing to rock climbing and so much more.

The HPE is also hosting meetings to educate the students on various elements of their well-being. Some programs that the recreation staff have presented are "Women on Weights," to teach women how to use the new weights and "Mom Ain't Cookin' No More," to teach students how to eat healthy in the cafeteria.

"I like that the University is offering more opportunities for all the students to get involved with working out," Ani Jivani, Humble senior, said. "Staying fit is an important part in being successful, and I feel like SFA is finally taking a more active role in educating students on how to be healthy."

The HPE is not the only place that is making changes. In the past year, students have seen the construction of two residence halls.

Lumberjack Lodge opened its doors to students in January 2006, and Lumberjack Village opened August 2006.

Both of the new residence halls offer the latest innovations in campus living.

The rooms come fully furnished with private bedrooms, kitchens, extra-long beds and individually controlled air conditioning.

The halls also come with a community kitchen, laundry room and study room as well as the other amenities common to most of the halls on campus.

The SFA website has also gotten a facelift this year. Now incoming freshmen and parents can take vitual 360 tours of places of interest on campus including residence halls, the library, classrooms and the University Center.

"I think the new website looks much more professional, and it is easier to navigate," Zahira Meza, Wichita Falls senior, said.

The website has proved that SFA is changing for the better in all aspects.

The improvements have brought the off-campus students back to campus and have enticed more students to enroll. In fact, enrollment of first-time students increased 17.1 percent this year.

"I think the campus will look very different by the time all of the construction is finished, but as long as Surfin' Steve stays the same, SFA will always be the same campus it was 20 years ago," Jose Valdez, Houston junior, said.

Story by Holli Conley

sfa dance

For the Love of Dance

SFA Dance program is a program of the department of kinesiology and health sciences in the College of Education.

Students who are interested in the dance program have a variety of popular dancing styles to choose from including ballet, jazz, modern and tap.

On the flip side, there are a few unusual styles a person can choose in the department including ballroom dancing and folk dancing.

Sarah Caldwell, Houston sophomore, said the program is not only for dance classes.

"They aid in preparation of teaching, performing or owning a dance studio."

The SFA Dance program holds a production each semester entitled "Danceworks."

Part of the SFA Dance program includes the SFA Repertory Dance Company. The Company has been moving and grooving because of the SFA dance program for more than 20 years. The dancers have been all over the state and other parts of the country showcasing their material.

Students who are included in the company have to enroll in the designated company class to be eligible for the spots. Auditions for the company are held twice a year, in the fall and in the spring.

Students who participate in the company have the opportunity to work with guest choreographers for special recitals. This year the Repertory Company worked with guest artists Elizabeth Gillaspy, Genevieve Durham and Rashana Smith.

Stan Bobo and Elizabeth Rhodes direct the SFA Dance Program.

Dipping Into The Future

The Big Dip ceremony usually takes place each semester near Surfin' Steve at the Fountain Plaza.

In the fall, because of cold weather, family and friends are invited to the UC Grand Ballroom to watch as students who have 60 or more hours and who are enrolled in the Mentor Ring program dip their hand in a bowl of purple dye before receiving their Mentor Ring from University Interim President Dr. Baker Pattillo. Each student then has his or her photo taken with Pattillo.

Students are paired with an SFA mentor who ensures their last months at SFA are spent getting ready for graduation and life beyond SFA.

"If you plan on buying a ring, we encourage you to buy it as soon as you complete 60 hours. This gives students time to build a relationship with their mentors," said Mitzi Blackburn, who serves as Mentor Ring program coordinator for the SFA Alumni Association.

Students participating in the Big Dip receive discounts at participating local businesses by showing their newly dyed hand, mentor ring and event card.

"Students who plan on participating in the Big Dip ceremony in May must order their ring during the February or March dates," Blackburn said. "If you don't order during these two ordering periods, your ring will not be delivered to us in time for the May ceremony."

The Big Dip was first held during the fall 2002 semester by members of the Student Foundation Association who wanted to create a unique ritual for students when they get their rings.

The Mentor Ring program is sponsored by the SFA Alumni Association, Student Foundation Association, Barnes and Noble UC Bookstore and Balfour.

christmas tree lighting

The Lighting of the Christmas Tree at SFA

Members of the Nacogdoches community and SFA students joined the Residence Hall Association in front of the Austin Building to celebrate the coming of the holiday season with the Holiday Extravaganza, the annual tree lighting ceremony.

The event kicked off with a melody of holiday music from the SFA Roaring Buzzsaws Pep Band and the SFA choir. The event also featured a performance by the Raguet Elementary School Choir, whose members sang and danced to various holiday songs including Rockin' Around the Christmas Tree.

Elves walked around handing out candy canes as the crowd enjoyed the performances.

"This is my second year to be an elf," Rebecca Howard, Stafford senior and assistant director of Hall 20, said. "It's my most favorite thing to do every year, because I love to see the smile on all the kids' faces."

"This is an awesome event because it is one of the only RHA programs that gets the entire community involved," Corey Benson, Sheppard junior and Steen RHA president, said.

Interim president Baker Pattillo said in his welcome speech that this event was his favorite because it marked the beginning of the holiday spirit.

He also mentioned the addition of a new member on the SFA campus, the SFA Christmas tree.

The holly tree that was located in front of the Austin Building that had been traditionally lighted at the Holiday Extravaganza had to be cut down last year because it was dying. This year, a huge magnolia tree took its place, and Pattillo said we could expect it to be around for at least another 200 years.

Pattillo also got the honor of announcing the arrival of the holiday season's favorite characters, Santa and Mrs. Claus. A cheer went through the crowd as the two appeared and all the Christmas lights on campus were turned on.

"As I saw the lights come on, I was filled with Christmas cheer," Samnang Keo, Nacogdoches junior, said.

"All of the lights made me want to go home and celebrate with my family." Bansri Patel, Lufkin junior, said.

RHA also encouraged attendees to bring unwrapped toys to be donated to the Nacogdoches Women's Shelter.

After the event RHA offered refreshments, free pictures with Santa and Mrs. Claus and ornament decorating for the children.

"It's great to see how much this campus cares about lifting the spirits of the Nacogdoches community,"

RHA did a great job this year, like in years past, bringing holiday cheer to the SFA campus and Nacogdoches community.

Reflecting the Last Four Years

In life there are moments that define you as person and mark personal achievement. SFA offers just such a moment to students.

For years Lumberjacks have swelled with pride as they put on their scholarly cloak and stepped into the bright pool of the stage lights to a chorus of cheers from friends and family, shaking hands with the University president and receiving the prize for all the hard work they put in over the past few years.

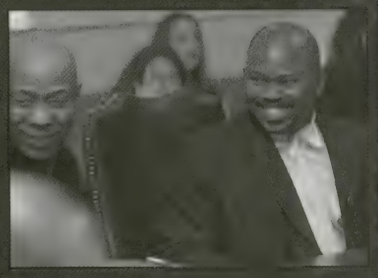

SFA holds three graduation ceremonies each year. Students graduating after a Fall Semester walk across the stage in December. Spring graduates don their caps and gowns during May. Students ending their collegiate careers during either summer session attend an August commencement.

All students wishing to walk across the stage in William R. Johnson Coliseum must first apply with the graduation office, which can be found in the registrar's office on campus.

Students not wishing to attend Graduation must still register with the graduation office in order to graduate from the University and receive their degree. So why not go the extra mile? Most students have student loans, but even if mom and dad didn't shell out all the dough for an education, they'll still be pleased as punch to watch you walk across that stage. And if you did attend college on a "daddy's girl/momma's boy" scholarship, you owe it to your generous benefactors to let them brag to their friend as they flip through graduations photos.

academia

reflects enlightenment

section editor sarah mullen

The faculty and staff at Stephen F. Austin State University work hard year-round to make the University's academic programs the best they can be. From lectures and projects to galleries, shows and many other activities, the work of Academia at SFA reflects the enlightenment offered to each student who walks in their office door, every student who sits in their classroom and every student who graduates with confidence that their professors have given them the skills and knowledge they need to be successful.

President Dr. Baker Pattillo

Photos by Mindy Arendt

The New Interim President of SFA Bleeds Purple

He's been a part of the University since 1963 when he began attending as an undergraduate and has remained faithful to SFA ever since.

Dr. Baker Pattillo is a true Lumberjack.

After the resignation of former SFA President Dr. Tito Guerrero this summer, Pattillo was appointed to the interim position after serving as the vice president for University affairs for 27 years.

Pattillo was named the president after a unanimous vote by the Board of Regents, and he agreed to serve for one year with a renewal option for an additional year.

"I'm a graduate of SFA, so this makes it very special for me," Patillo said. "I came here with the purpose of building SFA."

He received his bachelor's degree in history and English from SFA in 1965 and went on to earn his master's degree in education in 1966. Pattillo knew he wasn't going to stray far from SFA, however, and the day after he graduated, he became the assistant director of placement in the financial aid office.

While working in that office, Pattillo went on to get his doctorate in educational administration from Texas A&M, commuting between Nacogdoches and College Station from 1969 to 1971.

He spent many late hours working on his dissertation on the third floor of the Austin Building in the same room that will soon be his new office. It seems to be a full cycle for Pattillo, and he is very reflective and proud of his many years at SFA.

He advanced through the ranks as dean of student services, vice president for University affairs, and now president of the University.

"I view it as an awesome responsibility but one I look forward to," Pattillo said of his new position. "It's a job that I never applied for or sought after. I'm overwhelmed by the trust and confidence the board has placed in me."

Pattillo said he has already begun making plans for the University and is working on setting up a committee to direct a new strategic plan covering a five-year period from 2008 to 2013. The committee will be appointed this semester, work will begin in the spring and the plan will go into effect in January 2008. Pattillo said the plan will include everyone on campus.

He stressed the fact that his primary concern as president is the students, and he wants every student

at SFA to get the chance to go inside the president's house on Starr Street at least one time during his or her college career.

Pattillo said he intends to make the president's house a place where the entire SFA community feels welcome.

"I want to invite as many people to that house as I can," he said.

His genuine love for SFA shows in his determination to work hard to serve the University that has been so good to him all these years.

Not only is he the first SFA alumnus to become the University president, but his entire family bleeds purple, as well. Pattillo's wife, Dr. Janice Pattillo, is the chair of the SFA elementary education department, and his daughter, Paige is an SFA graduate and practices law in Nacogdoches.

Pattillo shines with Lumberjack spirit through and through, as his office is lined with dozens of pieces of SFA memorabilia, such as SFA basketballs, pictures and a special part of SFA that he will hold onto forever, a framed piece of material from an old band uniform that was given to him after years of service to the University band.

"I always intend to be close to SFA," he said. "I will do my very best for the University, and I will do that every day."

Front Row: Stephanie Tracy (Student Regent), Paul Pond (Vice Chair), Valerie Ertz (Chair), James H. Thompson (Secretary).

Board of Regents

The SFA Board of Regents consists of nine members.

Valerie Ertz is owner of VEE Services, Inc., a property tax and accounting firm in Dallas.

Paul Pond retired as general manager of Greenlawn Memorial Park, the business his family founded and managed since 1898.

James A. Thompson is president and founder of Team Associated, Inc.

Richard B. Boyer is the information privacy officer for Children's Medical Center in Dallas.

Dr. Margarita de la Garza-Grahm is a general surgeon in private practice and former chief of surgery at East Texas Medical Center.

Joe Max Green is Chairman-CEO of Joe Max Green Insurance Concepts in Nacogdoches.

Kenneth James is a principal in his family business, LaTrelle's Management Corporation.

Melvin R. White is founder of Digital Workforce Academy, Inc.

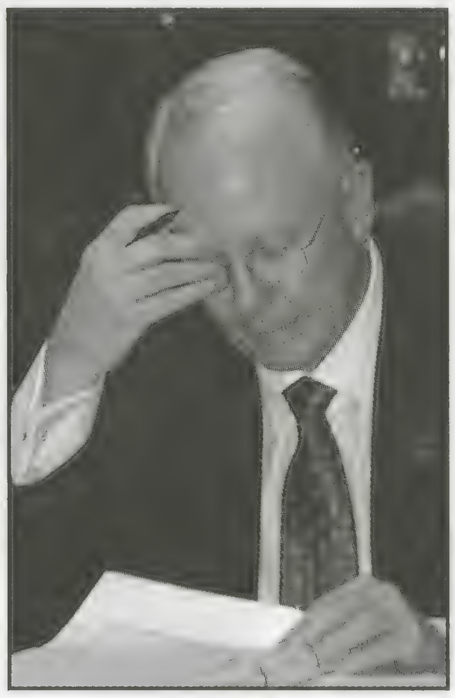

Fred Wulf is president of 5-Star Groups and Wulf Outdoors Sports in Center, Texas.

insight reflects

Student Regent
Stephanie Tracy

Photo by Katie Wesson

Legislation passed in 2005 provided for one student member on each public university board of regents. Gov. Rick Perry appointed Stephen F. Austin's first Student Regent, Stephanie Tracy, Dayton senior, Feb. 3, 2006.

Terms for students appointed to serve as regents at universities throughout the state will expire Feb. 1, 2007. Student regents are not voting members of the board and are not counted in determining a quorum.

Tracy is pursuing a degree in interdisciplinary studies and certification in elementary education for early childhood through fourth grade. She is vice president of community service for the National Society of Collegiate Scholars and a member of Phi Eta Sigma honor society, Girl Scouts and the Lumberjack Marching Band Color Guard.

It was the color guard that brought Tracy to SFA.

"I was a member of the Color Guard at my high school, so I was looking for a school with a strong program in education, and a marching band and color guard," she said.

Tracy likes to spend time with her boyfriend, Brian, her family and friends, go outdoors and play tennis. Her biggest accomplishment, she said, is becoming the first student regent and being appointed by Gov. Rick Perry. Tracy plans on graduating in May 2007 and go for her master's degree at SFA.

"I want to stay active and involved. I want to give back to SFA what it has given me," she said. *Story by Mindy Arendt*

College of Liberal & Applied Arts

Dr. James O. Standley

This year the College of Liberal Arts and the College of Applied Arts and Sciences have come together to form what is now known as the College of Liberal and Applied Arts.

According to the college's website, a degree from the College of Liberal and Applied Arts is preparation for life, not just for a job. Students learn to communicate effectively, to analyze complex social and cultural issues, to make important judgments and to formulate strategies that will address the issues of tomorrow. A degree from the college provides excellent preparation for leadership, clinical and public service roles. Nearly all of SFA's undergraduate students take a significant number of their undergraduate courses in the College of Liberal and Applied Arts. The college is home to most of the departments offering courses in the University core curriculum. This is a pivotal role for the college in assisting the University to attain its overall academic mission.

Employing high quality instruction, the college also fosters within students an appreciation for lifelong learning. In doing so, students acquire the knowledge and skills necessary for long term intellectual and aesthetic enrichment. They gain an appreciation of the human condition in all its diversity, as well as an understanding of society, government and social ethics. The intent is to prepare students for responsible citizenship. Additionally, the college advances knowledge through quality research and scholarship. It also seeks to use its fields of expertise to benefit the community, the University, the region and the state.

College of Education

The College of Education at SFA includes the departments of elementary education, human sciences, human services, kinesiology and health science, secondary education and educational leadership. The faculty is dedicated to helping students reach their full potential in all aspects of college life and the Nacogdoches community. The college offers a variety of different learning opportunities using some of the latest technologies. The dean of the College of Education is Dr. John Jacobson.

GEAR up

GEAR UP, which stands for Gaining Early Awareness and Readiness for Undergraduate Programs, finally made its way to East Texas in November thanks in part to SFA and its volunteers. This program received a grant from the U.S. Department of Education to help boost the awareness of college for junior high and high school students and parents.

The GEAR UP program selected ten school districts in East Texas. From these districts, the program chose a group of students ranging from seventh grade to twelfth grade with the intent of increasing the students' interest in pursuing college after high school.

The students came from the following districts: Brookeland ISD, Center ISD, Central ISD, Diboll ISD, Hemphill ISD, Hudson ISD, Lufkin ISD, West Sabine ISD, Woodville ISD and Zavalla ISD.

"We have 1,548 students involved in the program right now," Barbara Davis, GEAR UP project director, said. "We're trying to prepare these students for college and hopefully the program will give them an opportunity that they may not have known existed."

Another goal for this program was to increase student enrollment into advanced level courses in their schools.

So far this year, enrollment in advanced level courses in grades 7 to 12 has increased from 3,833 to 6,075.

"Our goals are set; we're trying to increase the number of students who take advanced courses," Davis said. "We're trying to increase these numbers so that when they graduate they have had a more rigorous preparation for college. Also, we want the students to know about the options of college."

University students were encouraged to become volunteers for the GEAR UP program. Volunteers were responsible for showing the students around the campus and being able to give the students real insight into the academics and extracurricular activities associated with it. "Many of these students haven't even considered going to college," Davis said. "I feel like the students can dream of college if they feel like they have a right to be there."

Preparation for the Future

Intern I

During their seventh semester at SFA, Lindsey Buck, Cypress senior, and Kala Neely, Hughes Springs senior, prepared for their chosen career in elementary education through the University's Intern I program.

After observing children in the classroom for three semesters, the women got to spend their mornings with the students of Ms. Collin's first grade class at Raguet Elementary.

The interning process is divided into two semesters. The first emphasizes reading, while the second emphasizes math.

In addition to helping the children with their daily work, Buck and Neely work with groups of three students, focusing on their progress in reading.

"We do fun activities to help them with their fluency and vocabulary," Buck said.

"It's been great to see the improvement in my children throughout the semester. It's reassuring to know that my work is doing something," Buck continued.

Buck came from a very different educational background.

"(The internship) was definitely a learning experience for me," Buck said.

"Back home is very different than what Raguet Elementary has been like. The parents, the children and the teaching styles are not what I grew up with, nor what my mom (who is a teacher) is exposed to," she continued.

Neely, on the other hand, grew up with similar learning styles as those at Raguet. She also helped with the elementary school children while she was in high school.

"It's a lot like home, but yet it still is different," Neely said.

"Each teacher will always have different teaching styles no matter where you go. That's what I loved about Ms. Collins," Neely continued.

"Seeing the way she handles her classroom has been great. She sings songs with the children and has them write their spelling words in chocolate syrup," she said.

"It's the teaching creatively outside the box and a way the children enjoy learning that has been the biggest learning asset this semester," Neely continued.

Both women completed the intern program at Fredonia Elementary during the spring 2007 semester.

"I am excited to continue learning and hope that I get a teacher who is as innovative as Ms. Collins," Buck said.

College of Sciences and Mathematics

Dr. Anthony J. Duben

The SFA College of Sciences and Mathematics is for students wishing to pursue a degree in the two major fields with endless possibilities for students to follow their dreams. Divisions in the college include the School of Nursing, the environmental sciences, biotechnology and pre-professional programs.

The School of Nursing at SFA has a reputation for producing graduates who can collaborate with other health care professionals in a culturally diverse setting.

Pre-professional programs is a division of the college with the purpose of providing the opportunity for students to complete the academic admissions requirements for professional schools offering training in the health care fields, engineering and architecture.

Graduate programs are offered to students in both the environmental sciences and biotechnology in a collaborative effort of SFA and the University of Texas Health Center at Tyler.

The departments included in the degree plan are biology, chemistry, geology, mathematics and statistics, and physics and astronomy.

Improving School of Nursing

The School of Nursing has made tremendous steps in improving its program over the past few years.

Thanks to a $1.7 million grant given to SFA's nursing program last year, the department has been able to hire more staff, expand its facilities and offer more scholarships to students.

The grant is part of a Rural Health Initiative program that seeks to increase the number of graduating nursing students in rural areas including East Texas.

The School of Nursing at SFA has been able to increase the number of students it admits from 40 to 60 students per semester.

"Our nursing school is growing, and we are very active," Debbie Ellisor, instructor and Student Nurses Association adviser, said.

Especially active in all issues concerning the School of Nursing, SNA takes an active role in presenting events to help the SFA and Nacogdoches communities.

In fall 2006, they invited a speaker to give a presentation on Life Gift organ donations. The speaker, who is a heart recipient, knew the topic on a personal level.

SNA also sponsors the Health Fair that is held on campus every year. This year, the theme was "Don't Gamble with Your Health" and featured diagnostic testing for various

health conditions and facilities for students to donate blood and bone marrow.

Students who attended the Health Fair also had a chance to win many door prizes including two iPod shuffles and gift certificates to Wal-Mart and other stores around town.

SNA has been instrumental in helping with other charity events such as Toys of Tots and raising support for Hurricane Katrina and Rita victims.

This year, the School of Nursing has been able to add many clinical sites including nursing homes in Nacogdoches, Cherokee and Angelina counties.

Nursing students also have the unique opportunity to practice in a laboratory setting at the Nacogdoches Medical Center.

This means the nursing students are able to get the best education possible by applying classroom knowledge to hands-on experience.

Senior nursing students also get the chance to travel to Austin to show their support for various health care bills at Student Nurse Day every legislative session.

In the future, the nursing program is expected to continue to grow and benefit from the steps that are being taken to give nursing students the best education possible.

Nelson Rusche College of Business

The goal of the College of Business at SFA is to teach students how to become competent and ethical professionals when they enter the work force. The faculty strives to prepare students to be able to work with all types of business professionals by providing research opportunities for the students and encouraging them to volunteer within the Nacogdoches community. The departments within the College of Business include accounting, computer science, economics and finance, general business and management, marketing and international business. The dean of the College of Business is Dr. Violet Rogers who received her BBA and MBA at SFA.

College of Fine Arts

Dr. John W. Goodall

The College of Fine Arts, which includes the School of Art, the School of Music and the School of Theatre, has been offering a chance for all SFA students to experience the arts of old and new for many years.

The college is dedicated to providing students with top-notch learning facilities and practical field experience that will guarantee their success in future careers.

Ninety-five percent of the faculty members in the school of art have the highest degree in their field.

Students in the College of Fine Arts get the opportunity to take part in plays, various bands and choirs or art shows depending on their area of interest.

This year, the interim dean of the College of Fine Arts is Dr. John Goodall who is a founding member of the Stone Fort Wind Quintet at SFA and is the principal oboe with the Orchestra of the Pines.

The Arthur Temple College of **Forestry & Agriculture**

Dr. R. Scott Beasley

For many years, The College of Forestry and Agriculture has been committed to teaching students the importance of taking care of the environment and protecting our forests and natural resources.

The college is made up of the agriculture, environmental science and forestry departments.

The college offers classroom instructions as well as hands-on experience by professionals and experts to better prepare students for their future careers.

Its facilities include greenhouses, state-of-the-art laboratories, a Multimedia Communications Center and a Geographic Information Systems laboratory where students can combine what they have learned in the classroom with practical experience.

Nacogdoches' unique position in the heart of the East Texas Piney Woods region offers students the perfect opportunity to do extensive research on various plants and wildlife in Nacogdoches and the surrounding areas.

In the past, students have helped with several services for not only SFA, but the Nacogdoches community as well, such as assisting in the shuttle recovery efforts after Columbia crashed and helping SFA develop a weather station.

Dr. R. Scoot Beasley is the dean of The Arthur Temple Collge of Forestry and Agriculture.

greeks

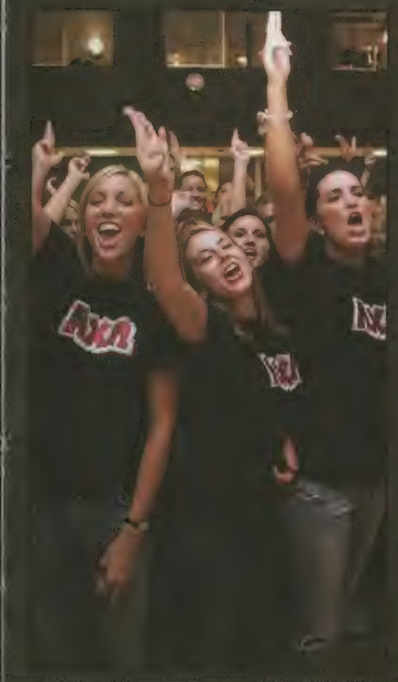

reflecting on character

section editor haley hoskins

The greek organizations on campus at Stephen F. Austin State University reflect brotherhood and sisterhood among lifelong friends. From service projects, bumper stickers, letters to parties and tailgate at Lumberjack Alley, these greek organizations reflect character at SFA. Traditions like Bid Day and Steps keep the greek organizations exciting and fun.

AKA

ΠΚΑ

ΤΚΕ
ΤΚΕ
ΤΚΕ

bid day

becoming greek. becoming family.

"I love Bid Day. It's so much fun getting together with all your sisters to welcome in all the new, awesome girls you are getting." Brooke Farmigoni, Allen junior and Zeta Tau Alpha.

Bid Day signifies the end of formal recruitment for women's' rush and announces the new pledge classes of all five Panhellenic sororities at SFA.

This annual event is held in the SFA's Grand Ballroom located in the University Center, on the last day of formal recruitment. It is open only to new members, actives in the sororities and advisers.

Much like Steps, all new members are on stage, and one by one they come forward when their names are called. The group they are joining is announced, and the new member then runs over to join her new sisters. Four or five girls from the house meet her halfway while she is cheered on by the rest of the members.

"It's so fun getting to run to your new sisters and spending the night together learning and beginning the sister-hood that makes us so special." Brooke Honza, Ennis junior and Alpha Chi Omega.

"Bid Day is great for Greek life. Everyone is so excited to see who ends up where. It's such an important day because each year, the new members determine the future of the chapter they join. It's a day of celebration and meeting new girls that could become great friends." Julie Marie DeGuerre, Woodlands junior and Delta Delta Delta.

Even though fewer girls went through formal rush this year, Panhellenic considered this year's Bid Day a success because more girls completed it and joined a chapter. Panhellenic adviser Beverly Farmer said all chapters reached their quota for new members, which is always a sign of a good rush.

Story by Austin Kilgore and Adam Lamar

Photo by Justin Elbert

steps

Story by Adam Lamar and Austin Kilgore

The fraternal system at SFA offers something for all students, no matter what their backgrounds or interests. Joining a fraternity or sorority is a way to become part of the University, excel academically, participate in intramural and philanthropic events, and develop leadership skills.

Membership in a sorority or fraternity is the ideal way to have a support system and a sense of family, no matter how far away from home you are. However, the benefits of membership reach far beyond SFA; the fraternal system gives students the tools for success and friendships that will last a lifetime.

The SFA Greek system helps many students find their place at the University by providing a supportive community and a wide range of events.

Every semester the men's Greek system holds Steps to signify the end of men's rush and to congratulate the chapters on their new pledge classes. On a Saturday morning the men's chapters that are recognized by the Interfraternity Council meet on the steps of the Austin Building. They gather in groups and have their pledges come down the steps one at a time and then jump into the arms of their new brothers.

Throughout the event the various chapters chant and cheer on their new members. After all the new members have completed their journey down the steps to their respective chapters, many of the organizations retire to their chapter houses or to another venue for a celebration which lasts the rest of the day.

"Besides Lumberjack Alley, Steps is probably the most fun you have as a Greek during the fall," said Jerron Wosel, Phi Delta Theta senior from Katy, TX.

ΑΧΩ

Alpha Chi Omega

"Together let us seek the heights."

Founded in 1885, Alpha Chi Omega represents the highest standards of character, class, leadership and sisters striving to be the best! As Alpha Chi's, we enjoy a full social calendar. We participate in date parties, ranging from the Golden Lyre Ball, the Woodsie, Crush Parties and Grab 'a Dates.

AXO also has fun fraternity exchanges, Big Sis/Lil Sis Banquets, the Carnation challenge, and our annual Mr. Alpha Chi Omega contest.

Academic excellence and community service are an important part of our chapter and members can be seen on the dean's list, Collegiate Who's Who and helping the Nacogdoches community year round. Alpha Chi Omega encourages individuality and personal growth in all its members. Sisterhood in Alpha Chi Omega is developed by a common bond that we all share.

The bond is strengthened by many events such as AXO's Founder's Day, Fundraising activities, Texas State Day, and through our cherished rituals. These special events truly unite the members of our sorority! Seek the heights with Alpha Chi Omega and make your dreams come true!

The Epsilon Zeta chapter of Chi Omega walked away with numerous awards at the Panhellenic Awards ceremony, including Best Scholarship Program and Superior Service. Individual members were rewarded with Miss Congeniality, Best Freshman, Superior Service and Greek Go Jacks. Eight Chi Omegas earned a 4.0 GPA, and two were inducted into Rho Lambda, a Panhellenic leadership society. Many members of their chapter are Jack Camp counselors and hold leadership positions in SFA student organizations.

Being named Sorority of the Year by Panhellenic for 2005 was a huge accomplishment, and the new member class kept the standards high by being Number 1 in grades on Sorority Row.

In addition, the women of Epsilon Zeta are proud that Chi Omega was SFA's Greek Week Champion for 2006, the third year in a row.

Community service activities fulfill one of their six purposes. Activities included helping with Girls' Nite Out at the Nacogdoches Boys and Girls Club, hosting an Easter egg hunt for community children with a campus fraternity, raising money for a local athlete to compete in the Sadler's Ultra Challenge and cleaning up the highway and producing the annual Chi Omega Bass Tournament to raise funds for the Make-A-Wish Foundation.

The Make-A-Wish Foundation is Chi Omega's national philanthropy, and Epsilon Zeta raises money for the local efforts of Make-A-Wish through the annual Bass Tournament. This year Chi Omega began a new tradition to raise money for Make-A-Wish by hosting a three-on-three basketball tournament called Swish for a Wish. Seeing hard

work pay off was gratifying, as three Nacogdoches area children had their wishes granted with Chi Omega's help.

None of these efforts could have been realized without amazing leadership and the hard work of every woman in the chapter.

Omega

Delta Delta Delta

Tri Delta is a family, sisterhood and privilege in our lives: then, now and forever. Successful women from every walk of life have added distinction to themselves and Tri Delta for over 100 years. Tri Delta embodies the success, womanly character, values and deep sense of integrity that we all wish for our families and ourselves. There is a "perpetual bond of friendship" that we talk about in our collegiate years that serves as a guide for our sisters in future Tri Delta generations to come.

In Tri Delta we take pride in recruiting respectable students not only as Tri Delts, but also Lumberjacks. Being involved in many different organizations on campus allows us to let our Lumberjack Spirit shine. As Tri Deltas, we support and conduct many events throughout the year to help get the community's involvement at SFA.

ΔΔΔ

"These are the girls that will be standing beside me at my wedding. I couldn't imagine my life without them."
-Abby Wier, sophomore

"All these girls are not only my sorority sisters, but they are my family, friends and support system. I wouldn't trade them for anything in the world."
-Samantha Staffer, senior

Zeta Tau Alpha

"Zeta is a group of active and diverse young women. Being a member of this organization has taught me about friendship, service and support.

-Tiffany Winkler, junior

The purpose of Zeta Tau Alpha is to intensify friendsihip, promote happiness among its members, to perform such deeds and to mould such opinions as will conduce to the building up of a purer and nobler womanhood in the world.

Zeta has taught me a lot about life. It has also introduced me to my best friends."
-Paislea Wallstein, senior

"Joining Delta Zeta is one of the best decisions I have ever made. My sisters are always there for me, and nothing could replace such an awesome college experience."
-Tiffany Hammon, sophomore

"Sisterhood is the essence of all wisdom of all ages, distilled into a single word. You cannot see siterhood neither can you hear it nor taste it. But you can feel it a hundred times a day. It is a pat on the back, a smile of encouragment. It's someone to share with, to celebrate your achievements."

ΔZ Delta Zeta

In May 1963 the Zeta Psi Chapter of Delta Zeta was chartered on the campus of SFA. Forty-seven women were initated, and Delta Zeta became the second sorority on the campus.

Omega Kappa Alpha was established at SFA on January 2004 by five women.

ΩΚΑ

Omega Kappa Alpha is based on five principles: community, culture, education, friendship and trust.

ΩΔΦ Omega Delta Phi

"One culture, any race."

Omega Delta Phi was founded on November 25, 1987, at Texas Tech University. The purpose of the brotherhood is a service/social fraternity dedicated to the needs and concerns of the overall community. We promote and maintain the traditional values of unity, honesty, integrity and leadership.

Zeta Tau Alpha Thinks Pink

Zeta Tau Alpha sorority and SFA Football teamed up to kick off Breast Cancer Awareness month with the Pink Out football game.

At the gates, members of the sorority gave out pink shirts stating, "Real Men Think Pink," pink ribbons and shower cards, which show how to perform a self-breast examination for women.

Yoplait yogurt lids were accepted at the gates. The lids help raise money for breast cancer awareness.

Spectators were encouraged to wear pink shirts to the game.

Free admission was available to local groups of breast cancer survivors

"We are hoping to make this an annual event with Zeta Tau Alpha," Jeremy Stolfa, game operations manager for athletics, said. The sorority contacted him, wanting to work in conjunction with athletics. They have been working on this event since the end of the summer. This is the first event that athletics has done with an organization.

Zeta Tau Alpha's national philanthropy is breast cancer research and education. The sorority holds events throughout the year, including their annual Run for Life in the spring semester. Proceeds from this event and others like it are donated to the Susan G. Komen Breast Cancer Foundation.

The goal of our magnificent sisterhood is to encourage public service among members and to enrich the lives of people on campus and within the community, through programs aimed at economic development, educational development, international awareness and involvement, physical & mental health, and political awareness and involvement.

The Theta Gamma Chapter of Delta Sigma Theta Sorority Incorporated contributes to the SFA campus by hosting a variety of programs such as voter registration drives, voter awareness booths, highway clean-up projects which give students who may not get a chance to take part in this type of service otherwise, helping freshman move into their dorms, scholarships, essay contests that award cash prizes to winning students, economic advising seminars, and on the first day of school each year – a seminar specifically designed to orient freshman women into campus life.

ΔΣΘ

ΑΤΩ

Alpha Tau Omega is a leadership fraternity. We believe that college is a time when a man grows and truly becomes the man that he will be for the rest of his life. ATO provides a path that will help young men to succeed in life.

ATO provides an organization of young men to enjoy all aspects of college life. College retention is vital. The chapter completed 950 hours of community service last year.

Sweethearts

Delta Zeta and *Turtle*

Justin Elbert

The end of the fall semester brought with it the annual Delta Zeta Turtle Tug.

This year, the Sigma Alpha Mu fraternity joined the women in this long-standing SFA tradition.

The rules of this tug-o-war game are simple–about six to 10 people line up on each side of the rope, and the teams start tugging.

The twist to this game, though, is that between the two teams is a baby pool full of green Jell-O. Therefore, the losers get a face full of Jell-O, and the winners get to enjoy watching.

The Turtle Tug is a charity event that is held every year, usually to raise money for the speech and hearing impaired, which is Delta Zeta's national philanthropy. This year, all proceeds went to the Alzheimer's Association and Sound Beginnings, a program that raises awareness of the need for newborn hearing screening and the importance of starting early intervention when hearing loss is identified before 6 months of age.

Sound Beginnings is the Delta Zeta national organization's newest philanthropy program.

The Delta Zeta sorority has been instrumental in supporting and serving speech and hearing organizations for over five decades.

"This year, we were able to raise almost $600, which includes what the teams paid to play and donations from our wonderful sponsors," Christine Bartosh, Austin junior and Delta Zeta member, said.

Over the years, the Turtle Tug has become something that a lot of organizations on campus look forward to.

"It's a tradition, and it's a lot of fun," Ashley Williams, Orchard junior and Delta Zeta member, said. "People like to help out because it's for a good cause."

"This event has been a tradition at SFA for many years, longer than I've been around," Bartosh said.

Omicron Delta Kappa, The National Leadership Honor Society, was founded December 3, 1914, at Washington and Lee University, Lexington, Virginia, by 15 student and faculty leaders. In the tradition of the idealism and leadership of George Washington and Robert E. Lee, the founders formulated the idea that leadership of exceptional quality and versatility in college should be recognized; that representatives in all phases of college life should cooperate in a worthwhile endeavor; and, that outstanding students, faculty and administration members should meet on a basis of mutual interest, understanding and helpfulness.

Omicron Delta Kappa

Members: Aaron Hohn, Abby Valkner, Amanda Cathey, Amber Bantz, Ani Jivani, Autumn Costa, Brittany Glazner, Brittany Rountree, Corey Graves, Eboni Davis, Gabriela Rodriquez, Haley Walker, Holli Conley, Jessica Partin, Jolene Valdez, Justin Bibble, Justin Blackburn, Justin Hall, Katrina Nicholas, Kiandra Nicholas, Kiahndra Morrison, Kierah Morrison, Kierah Weber, Kristen LeBlanc, Kristen Standsbury, Lauren Castator, Lauren Ferrero, Leila Davis, Lindsay Prestrigde, Lyndsay Bars, Marcie Colemon, Matt Bodin, Matthew Scharff, Megan Sykes, Melody Mallory, Michael Rigsby, Rabie Elkharoubi, Randi Cooper, Ricky Smith, Rudolfo, Becerra, Sarah Birch, Sherrie Fontenot, Stacey Marshall, Stephen Gerrald, Tyesha Boudreaux, and Valencia Robinson.

Phi Kappa Psi ΦΚΨ

"A true brotherhood of true gentlemen, striving to achieve true excellence."
-Morgan Sheppard, senior

"Phi Psi... Medication for my tangled brain."
-Nick Breland, junior

The goals of Phi Kappa Psi are to enhance the college experience by providing close friends and mentors for our brothers, to instill leadership abilities in brothers and to provide a fun college experience.

Phi Kappa Psi does community service to benefit the campus as well as any volunteer work that might help the University.

Above: Phi Kappa Psi brothers set up a tent in front of Kerr and Griffith halls with their letters set up so that students walking and driving by could see who was doing something to make a difference.

Right: Fraternity brothers sat under the tent playing video games, reading, playing on their laptops, doing anything to keep their minds off of food.
Photos by Justin Elbert

Phi Psi Phast: For Women All Around the World

Students who walked in front of Griffith and Kerr halls during the month of October might have been surprised to see a group of fraternity men camping in the woods across the street.

This camp-out has happened every year for the past four years and is called the Phi Psi Phast.

The Phi Kappa Psi fraternity brothers choose one weekend in October to camp out on campus and not eat a thing for 48 hours in an effort to raise awareness about breast cancer.

As part of the event, the fraternity sells pink breast cancer wristbands.

Candles, which are put in bags and placed around the campsite, are also sold. Every night the candles are lighted in remembrance of women who have suffered from breast cancer.

"We wanted to do this because we have known a lot of family members and friends who have fought against breast cancer," Brian Arnold, South Lake senior and Phi Kappa Psi historian, said.

Businesses around Nacogdoches also donate money for the cause.

All of the money that is raised is donated to the Nacogdoches Memorial Hospital Breast Care Center.

"In the past four years Phi Kappa Psi has raised over $3,000 to donate to the hospital," Arnold said.

Phi Kappa Psi is a social fraternity that is, according to its mission statement, dedicated to the betterment of the brothers in the fraternity and the community.

The brothers have shown their commitment to helping the community and making the Phi Psi Phast a tradition.

By Holli Conley

Sigma Chi

Sigma Chi fraternity was founded in 1855 on the principles of friendship, justice and learning. It has been recognized at SFA for over 30 years. Sig Chi is the second largest social fraternity in the US.

Dare to make a Difference

While a number of college students probably enjoy sleeping in on Saturday mornings, it's a complete different story for the SFA Dream Builders, students working with Habitat for Humanity of Nacogdoches. Instead of snoozing, this group of students gets up to help build a house on the weekends and has contributed quite a few work hours to the Nacogdoches community over the past two years.

Dream Builders was inspired by Colleen Martin, Santa Fe graduate student and president of the organization, in the fall of 2005 and has grown to more than 40 members.

Martin said she came up with the idea for the organization after covering a ground breaking for a Habitat house for a local newspaper.

"I started thinking about SFA and how many students we have here on campus," Martin said. "I didn't understand why we didn't have an organization. We could bring a lot of energy to the work site."

SFA students buildand renovate houses while increseing their involvement in the comunity.

The students work closely with Habitat for Humanity of Nacogdoches and played a major role in renovating the Habitat ReStore building. ReStore is a retail outlet where building supplies are sold at a fraction of normal prices. Members of Habitat for Humanity of Nacogdoches purchased a run-down building around the same time that Dream Builders was forming.

"We put all our energy into ReStore and helped get it off the ground," Martin said.

In the spring of 2006, the students got the chance to build the frame of their first Habitat house and worked steadily over the summer and fall to help finish it.

"It's crazy to think that we were there for framing day and now we're there putting in the final touches, such as installing kitchen appliances," Martin said.

Building the house has allowed students to do things they never would have thought possible, such as painting the entire inside and outside of the house, using nail guns to put up baseboards and tiling the floor.

A group of Dream Builders members also helped move tile and other appliances from various businesses to ReStore every Thursday afternoon, and in the fall of 2006, Dream Builders hosted a Sonic car-hop to raise money for Habitat for Humanity.

Once the current Habitat house is finished, the Dream Builders can sit back and see all their hard work make one family happy. They can't relax too long, though.

"After construction on this house is complete, we're looking forward to starting on the house for the next family," Martin said.

Story by Lindsey Standley

Men of God Christian Fraternity, Inc.

The sole purpose in existence is to bring praise and honor to God. In accordance to the word of God, Men of God Christian Fraternity Incorporated strives to bring the light of Christ to a world that desperately needs Him. "We want to share the love of Christ to everyone we have a chance to. God wants us all to establish and grow in a personal relationship with Him." -Christopher Morrison, Vice President.

Benjamin Johnson-Treasurer

Daniel Birai-President, Benjamin Johnson-Treasurer, Gerald Flournoy II-Outreach and Christopher Morrison-Vice President.

Grandma & Grandpa's Christian Fellowship

The goal for this organization is to provide a Christian service for students to come and worship together. They offer a home-like environment for students to come and worship with other believers. "They truly care for other people and their relationship with Christ." -James Garza, Senior.

Dream Builders

This organization assists the Nacogdoches Habitat for Humanity though volunteering, fund raising and advocacy. Dream Builders members inspire students involved in helping the local community. "We are a growing organization and we welcome all SFA students to come out and help us help local families." -Coleen Maritn, Graduate Student.

SGA aims to serve and represent an ever changing student body. Our members are dedicated to enacting positive change on our campus and community. They also host a variety of free events and forums that address key issues facing our campus and local community. Our members work hard to propose meaningful legislation to implement constructive changes and improvements to our beloved university. "SGA stands for many things, but most of all we stand for being positive, proactive and professional." -Jessica James, freshman

Big Jacks

Big Jacks is a monitoring program for at risk children between the ages of 6 and 14 in the Nacogdoches community. Its purpose is to help, educate and encourage the youth of tomorrow by providing with strong relationships and guidance. Students at SFA pair up with these special children to give them love, support and hopes of an optimistic future. "Big Jacks is a way to get involved on campus and in the community by having the opportunity to mentor children." -Katie Harper, junior

The African American Student Organization

The mission of TAASA is to educate SFA's campus and surrounding communities of the richness of African American Culture.

Brandon Jefferson, Shatise Prowell, Wayne Rumstead, Mark Morgan, Whitney Casey, Mary Jones, Kristen Thomas, Samantha Baker and Tiffany Finch.

Multicultural Center

The mission of the Multicultural Center is to provide the SFA community with educational programs and services that promote respect for diverse cultures to students, faculty and staff. "It's the department that defines diversity." Jesus Cardoza, junior

Carmen Williams, Mark Morgan, Eva Pack, Tessa Smith, Roxie Rigsby and Jesus Cardoza.

Tau Beta Sigma

Tau Beta Sigma is a National Honorary Sorority for Band Women. It is an organization that serves the community as well as the band. At SFA, the Beta Zeta chapter does many projects including giving water and drinks to the members of the Lumberjack Marching Band at practices and games, cleaning up our adopted section of US Highway 259, setting up and tearing down the stage after concerts, working with the Girl Scouts and helping out at the Special Olympics.

Irene Tsounakas, Kandice Kirby, Leticia Gomez, Kristen Trent, Michelle Sellers, Jennifer Wells, Holli Thompson, Kellie Jordan, Kayla Sparks, Jwssica Aldridge, Ashley Wilson, Narissa Harris, Jillian Baaklini, Tara Fitzwater, Anna Duello, Kelly Steffy, Lauren Poirier, Hillary Stracener, Lindsay Gunn and Andrea Mitchell.

Pride SFA

The primary purpose of the organization is to help promote an uplifting gay community through support, student body awareness, community outreach and informative symposiums on topics that relate to the gay, lesbian, bisexual and transgendered college community.

Bottom row: Sean Rothberg, Candace Garrett, Jeffery Bennett-Webmaster and Perry Moon-Adviser.
Top row: Devin Nanni-Vice Presidnet, Daniel Willard, Corey Benson-President, Mickey Baker and Whitney Rickman-Treasurer.

OSA

Bringing Opportunities to Campus

The Office of Student Affairs is dedicated to helping SFA students get the best experience possible from their time here.

Every student who is involved in an organization on the SFA campus must work either directly or indirectly with OSA.

Its areas of specialty include campus recreation, housing and residence life, student leadership and governance, the student center and student activities.

The department's main goal is to supplement the learning students gain in the classroom with knowledge and hands-on experience in the real world as well as making college life fun.

Campus recreation with the help of OSA made vast improvements to its program this year by offering various free workout and educational classes for students and by adding new equipment to the HPE weight room. The recreation team hopes the new items will get students excited about the new recreation center that is scheduled to open Fall 2007.

The student leadership and activities area of OSA offers students a chance to enhance their college career through networking and leadership training.

Some of the organizations involved with leadership are the Student Government Association, the Multicultural Center and Omicron Delta Kappa, a national leadership honor society.

SFA offers more than 200 student organizations and more than 40 sororities and fraternities for students to get involved with.

"No matter what your niche is, OSA has an organization that will fit your interest, and if it doesn't it will help you create your own organization," Ani Jivani, Humble senior and ODK treasurer, said.

"I don't believe that SFA could function without the Office of Student Affairs," Jonathan Yates, Douglass graduate student, said. "Through the programs that are offered, OSA provides students opportunities to become involved at SFA."

Staff includes Michael Preston, assistant director of student affairs; Beverly Farmer, director of student activities; Eva Pack, assistant coordinator of the Multicultural Center; Jeff Huskey, director of campus recreation; Charlie Hueber, director of Jack Camp, and Trish O'Connor, coordinator of SFA spirit programs.

As Assistant Director Michael Preston's graduate assistant, Yates gets an opportunity to observe first-hand all the hard work that goes into making OSA work.

"The Office of Student Affairs is a great environment to work in," Yates said. "We have excellent people in our department that truly care about students at SFA."

One thing is for sure–SFA organizations would not be the same without the Office of Student Affairs. It is the OSA staff working behind the scenes that helps organizations succeed year after year.

Story by Holli Conley

Top: The Multicultural Center invites all students to learn about different cultures. They sponsor many activities during each semester.

Left: Omega Delta Kappa recognizes and brings together student leaders from various leadership positions.

Top right: SAA is very active throughout the whole semester. This organization helps with the bon fire during Homecoming week.

Bottom right: Go Center organized a conference at Laneville High School to prepare seniors for college.

Chi Alpha Christian Fellowship

The goal for Chi Alpha is to reconcile students to Christ and transforming the University, market place and the world. Members minister to the real and felt needs of American and international students at SFA. They emphasize Christian training and lifestyle for evangelism and worship through spirit-filled living and involvement in worship team, retreats, small groups, concerts, Bible study, mission outreaches and leadership training.

Top row: Zach Kelly, Lacey Boggs, Jolynn Harwell, Marc Nichelson, Ryan Tieman, Richard Skinner and Gary William. Youth in Action

Big Jacks really make the difference in the lives of children.

Big Jacks is an on-campus organization that works and plays with younger kids to offer help, education, mentorship and encouragement to the youth of the Nacogdoches area.

Big Jacks was established two years ago during the fall 2004 semester. A college student "Big Jack" is paired up with a "Little Jack" between the ages of 6 and 14.

The pairs of friends spend at least one hour a week together participating in activities such as horseback riding, field day and their annual Christmas party.

Each year the Big Jacks have a float during the Homecoming parade where the Little Jacks have the opportunity to ride with their mentors.

Rebecca Waters, Dallas junior and a member of Big Jacks since Spring 2005, said this experience has been nothing but heartwarming.

"When I was in high school I worked with a children's camp and my church's vacation Bible school program," she said. "My Little Jack and I have so much fun, and it's so great to know I'm making a difference in her life."

To become a member of Big Jacks, students must have a GPA of at least a 2.0 and have completed 12 hours of college credit. Students also must pay dues of $10. Big Jack meetings are held twice a month.

"My Little Jack taught me how to be a kid again and how to really appreciate the little things in life," Waters said.

Dry Conditions Interfere With Tradition

"Stephen F. Austin State University, in cooperation with the historically dry conditions in East Texas , has decided to comply with the current burn ban and redesign our bonfire program. For many years, students, faculty, alumni, community members and staff have gathered on the SFASU Intramural Fields to celebrate homecoming with a bonfire and pep rally. However, after consulting with state and local fire marshals, the SFA Safety Office and the City of Nacogdoches Fire Department we feel that the fire danger is just too significant to continue with this traditional program."

Many students were shocked to read this e-mail from the Office of Student Affairs stating that the Homecoming bonfire tradition would have to be changed this year because of the county-wide burn ban.

Students created two facebook groups in response to this decision. They felt the cancellation of the bonfire threatened SFA spirit and pride.

"I got the original e-mail through my student orgainzations address, and it really dissappointed me," Karl Tolar, Fred senior and creator of one of the facebook groups, said. "I knew other students would probably feel the same way, so what better way to let them all know than to start a facebook group?"

Tolar's facebook group, called "SFA HAS CANCELLED THE BONFIRE," had more than 200 members who encouraged fellow students to e-mail the student affairs office in an attempt to get the board to change its decision.

The weekend before Homecoming 2006, Nacogdoches got the most rain it had seen in many months.

While the rain wasn't enough to completely lift the burn ban, it was enough to convince University officials to change their minds about having the bonfire.

Alpha Phi Omega, the service fraternity responsible for building the bonfire every year, had only three days to build the bonfire, but, as always, they pulled it off.

Students were able to enjoy Homecoming the traditional way with a pep rally and, of course, the bonfire.

"The main issue is that a tradition is a tradition; not something you do for 45 years, stop one year, then continue the next," Ted Melot, Houston graduate student and APO member, said.

This year's Homecoming controversy shows that students really care about the traditions at SFA.

"I haven't really been an outspoken student while I've been here at SFA on issues, but the decision to cancel the bonfire just made me want to speak up," Tolar said.

"It was really great to see one last bonfire before I graduate," Zahira Meza, Wichita Falls senior, said. "The bonfire tradition means a lot to me, and I will especially remember this one for the rest of my life."

The Homecoming 2006 theme was "Built to Last," and the fight to keep the bonfire tradition going proved that the traditions at SFA are truly meant to last.

Big Axe Bass Fishing Tournament participants go fishing at Lake Nacogdoches in search for the fish who weighed the most. Each team consisted of two people. *Photos by Bryant Swanstrom.*

Hard work pays off

Big Axe Fishing Tournament

What could be more relaxing than a nice day of fishing? How about winning some money for it?

The Student Activities Association held its second annual Big Axe Bass Fishing Tournament Oct.7 at Lake Nacogdoches.

The winners of the tournament were Philip Crelia, Center sophomore, and Billy Penick, Deer Park sophomore, whose fish weighed in at a total of 10.44 pounds. They were presented with $800 for their prize catches.

Twenty two-person teams competed for the grand prize.

Each team was given a five-fish limit, and the judging at weigh-in was based on the total weight of all their fish. Contestants could not keep any fish between 14 and 21 inches, because the fish that size are what keep up the population of bass in the lake.

SAA also held a kid's fishing tournament early in the morning for the youngsters. Ten children participated in the competition. The winner was Haden Fisher Debardelaben whose fish weighed in at .76 pounds.

Samantha Mora, Center junior and coordinator of the event for SAA, said she was happy how successful the fishing tournament turned out.

"It was a great event last year and even better this year," she said.

Story by Kristen Zoller and Lindsey Petrossi

Above: Billy Penick and Philip Crelia won the fishing tournament. Their fish weighed a total of 10.44 pounds.

Salsa Magic

Story by Lindsey Petrossi

SFA really has its spicy moments.

On Oct. 11, SAA hosted "Salsa Magic" for students to learn dance moves from professional salsa dancers while being served food provided by the Multicultural Center.

ADoriyun Dixson, Dallas senior, was the SAA member who came up with the idea for hosting the event. He found the "Salsa Magic" dancers while attending a National Association of Campus Activities conference in Boston.

Kevin Wild, Garland sophomore and public relations officer for SAA, said this event was an exceptional way for SAA to bring some flavor to SFA and its students.

"It was all ADoriyun's idea to bring the dancers to SFA," he said. "Part of SAA's mission is to bring other cultures to SFA, and this was great because participants could see other cultural dancing styles."

The event had two parts: a dance lesson and a dance-off. For the first part of the event, students were able to learn three different levels of salsa dancing: beginner, intermediate and advanced. The instructors taught step-by-step how to salsa dance and then students could practice with the music.

During the dance-off part of the event, winners were decided by audience applause. Nicole Cosme, Angleton sophomore, and Kenneth Cosme, Angleton freshman, were declared the winners by the screaming audience. There was another competition for best booty-shaker that was won by Jessica James, Crockett freshman.

Wild said he thinks this event was a great alternate to other various college activities.

"We all know everyone likes to party in college," he said. "But this was just a good, clean fun event to have at the college level."

Far Left: Dancing partners Josh McKinney and Amber Edwards enjoy the salsa dancing lessons.

Left: Lauren Miller and Shay Tyler practice their new salsa dancing skills.

YCT Tells Students What Their Money is Really Paying For

Story by Christina Hyden and Holli Conley

This year the Young Conservatives of Texas took an active role in educating SFA students about where their hard-earned dollars were really going.

To get the word out, YCT hosted an Animal Rights Barbecue to prove a point to fellow students about SORF (Student Organization Reserve Fund) money being taken from their own pockets.

From a table full of barbecue, potato salad and sausage positioned beside the fountain, members of YCT filled students' plates, while informing them that it wasn't really a free lunch –the lunch came straight from the group's SORF funds, which was paid by SFA students.

Members of the Young Conservatives of Texas pose by their signs promoting the Animal Rights Barbecue they sponsored. David White, Christi Marsh, Kristen Garrison and Dustin Durrett were all part of the even that raised awareness to students of where SORF money goes. *Photo by Mindy Arendt.*

"It was successful," David Durrett, a member of YCT, said about the lunch. "We served an estimated 100 students. I don't think we had anyone disagree with us."

According to a fact sheet given out by the group, in the past year roughly $64,000 of student fees went to SORF, which is given to any student organization on campus that has existed for one academic year and attends SORF training provided by Student Affairs. Of the 170 organizations that received funding, 64 were either advocacy or socially exclusive organizations.

YCT also said on its fact sheet that this semester alone, an estimated $23,348 of students' fees went to these advocacy programs.

In protest of the University's use of SORF for these kinds of organizations, YCT provided students who passed by the table with a free lunch.

"We've had some disagreements about SORF for about a year now," Durrett said. "We decided we weren't going to use that money for personal use."

The group reminded students to let SGA know how they felt about SORF expenditures.

The members of YCT also pointed out that they would no longer be participating in SORF.

SAA Presents Recycled Percussion

"It is impossible to think that rock would have existed without powerful, chest-pounding drumming. Add a scratch of hip-hop through the vinyl of an innovative, beat-hungry DJ and you have the most in-demand percussion show touring today.

"The combination of power-percussion and hip-hop melodies drives the momentum of what is called the most ballistic live music show of the decade. There is no dancing. There are no cutesy schticks. Just three sweat-drenched drummers that prove, without a doubt, that the live rock concert is back." That's the skinny according to the Recycled Percussion band's Website.

As great as those kind words are, everyone knows that actions speak much louder, and that's exactly what the actions of Recycled Percussion did at this year's Homecoming bonfire.

Brought to campus by the Student Activities Association, the band was originally supposed to be part of the Celebrate SFA block party put on by SAA and the Office of Student Affairs, which was going to take the place of the traditional SFA bonfire.

The bonfire had been put on hiatus due to the county-wide burn ban. The gods, however, showered favor upon SFA (literally,) and the burn ban was lifted just in time to construct a pyre of SFA pride. 2,500-plus students and alumni bled buckets of purple and white as Recycled Percussion beat and banged on their various trash cans, chain saws and ladders amidst cheers from the cheerleaders and, most importantly, the brilliant orange glow of the SFA Homecoming bonfire.

A Breath of Fresh Air

The SFA College of Forestry's Sylvans Group demonstrated old world forestry techniques to the summer Forestry Youth Camp at the Texas Forestry Museum in Lufkin.

Sylvans participating included: John Varnell, Dallas senior; Cody Stanley, Avery junior; Samantha Glass, Nacogdoches senior, and Anthony May, Dayton senior.

The Forestry Youth Camp consisted of children ranging from eighth to tenth graders. The campers watched the Sylvans Group demonstrate old-world forestry techniques, such as knife throwing and cross-cut sawing.

Afterwards, the campers were allowed to participate in their own cross-cut tournament.

Glass, president of the organization, said this activity really benefits the kids' knowledge of the wooded areas in East Texas.

"Many of the kids don't have exposure to the heritage of the woods," she said. "It seems it would be fun to get them outside and try some new things."

The Sylvans group is for all forestry majors. All four members present for the demonstration had placed in their annual Conclave Competition in various categories, such as knife throwing, birling and cross-cut.

Morgan Morgan, a 15-year-old camper at the event, said she really appreciated the demonstration.

"It's so much fun," she said. "I think it's really cool they made time for us."

The Independent Voice of SFA

The Pine Log is completely independent from the University. All of the finances needed to produce the bi-weekly publication come from advertisements and yearbook sales. The paper is completely student operated with Pat Spence, student publications director, there to make sure that nothing explodes and Mary Uresti making sure we can pay bills. A team of 20 writers, 10 photographers, six editors, six advertising representatives, and two advisers put The Pine Log on news stands every Monday and Thursday. The Pine Log is put together in InDesign CS2 and uses Photoshop CS2 for all photography needs. The staff may play hard, but they work even harder to make sure that the independent voice of SFA is always heard. Every April the team competes at the Texas Intercollegiate Press Association conference and represent SFA.

Freddie Parish IV

dishing out more than just tackles

Growing up, Freddie Parish IV moved around a lot. He attended several schools in several states, but looking back, he felt that his education was missing something.

"The lack of good teachers made me want to become one myself," Parish said.

"I had one really good teacher, Ms. Schmidt. She would help me out, even outside of class," he recalled. " She would give me rides home, you know stuff like that. I was lucky enough to have her during both fourth and fifth grades, and it's because of her that I decided to pursue education," he said.

Parish has always liked kids and teachers and hopes to make an impact in the lives of kids one day by being a teacher himself.

"I want to teach third grade. It's the age when you are starting to notice the other kids around you. It's more about social clicks and starting a real education. You have to start teaching kids study habits and that type of stuff when they are young," Parish said.

For the time being, Parish is focusing on football because of the opportunity he has at the moment.

"After I finish playing, I want to get in the classroom. It would be cool to coach Pop Warner (Pee-Wee) football too. Give kids the opportunity to have fun and be a role model at the same time," he said.

As a senior, Parish assumed the role of vocal leader for the Lumberjack defense. He started in every game for the Jacks contributing 88 tackles to finish second on the squad and third in the Southland Conference standings. He also received honorable mention honors on the All-SLC team.

In September, Parish and teammate Keldrick Holman were named to the Magnolia Grid Iron Classic roster. The game, which pits NCAA Division 1-A players against Division 1-AA athletes, was played Saturday, Dec. 23 in Jackson, Miss.

CHIEF!

The Lumberjack Football team gets Chief Caddo back with a home field victory to close out the season.

Thursday, Nov. 16, the temperatures dropped into the low 30s, but the Lumberjacks were victorious both in winning their final home game and in bringing Chief Caddo back to Nac. SFA sent Northwestern State packing with the 20-11 win. The Jacks came out swinging, scoring all 20 points in the first half of the game.

Cory Long, Richardson sophomore, got things started with a 28-yard field goal in the first quarter. Five minutes into the second quarter, wide receiver Dominique Edison, San Augustine sophomore, scored on a 19-yard pass from quarterback Danny Southall, Hitchcock junior.

The very next possession, Southall ran the ball for the second touchdown in four minutes. Long's second field goal attempt, a 21-yard shot, was good, bringing the score to 20-0 going into halftime.

Damian Perkins, Hallsville sophomore, sacked the Demons' quarterback causing a fumble that Scott Dover, Deer Park junior, recovered. SFA was unable to do anything with the possession and ended up fumbling the ball as well. Northwestern recovered and was able to kick a field goal, putting the Demons on the board 20-3.

During the fourth quarter, Long attempted a 36-yard field goal, but the ball veered left. Perkins continued to damage the Demon offense by intercepting a pass for a two-yard return.

Jerome Brooks, Haltom City senior, led the night in rushing with 127 yards while Edison led receiving with 71 yards. Southall completed 10 of 22 passes for the night. Bug Aymond, Houston junior, had five solo tackles and assists.

Northwestern scored its final eight points in the final minutes of the game, but it wasn't enough to keep the Chief.

"The best play of the game was that final one, when they kicked the ball out-of-bounds and we ran to the Chief," Southall said. As the players crowded around Chief Caddo, the team began to shout, "CHIEF! CHIEF! CHIEF!"

When asked one word to describe Thursday night's game, Coach Robert McFarland said proud. "We are a very young team and going into conference at 0-5 it was easy to get discouraged," McFarland said. "But, we stuck together and believe in each other, and we finished the season on a high note."

It was also Senior Night and the final time many of the Jacks will play football. Corey Campbell of Spring, Mike Benson of Houston, Freddie Parish IV of Redondo Beach, Calif., Keldrick Holman of Hempill, Carlus Anders of Lufkin, Krys Williams of Mesquite, Michael Motte of Houston, Kenneth Boley of Elkmont, Ala., David Coleman of Vinton, La., Joe Kutac of Plantersville, Andrew Fleck of Edmond, Okla., and Brooks suited up for the final time as Lumberjacks.

"I can't say enough about our seniors," McFarland said. "I knew then I was going to get the best out of the entire team and win the game," McFarland continued.

"This was icing on the cake and the correct way to go out," Brooks said.

The Jacks ended their season with a 4-7 overall record and a 4-2 SLC record. *Story by Sydney Davis.*

finale to a stellar season

The Ladyjack Volleyball team finished the regular season with a 30-3 record and a perfect 13-0 in Southland Conference standings. The team headed into the SLC tournament with both the championship and the No. 1 seed but had to win the tournament to get the bid for the NCAA championship tournament. After defeating UTA, the Ladyjacks were on their way to Austin.

SFA went into the second round of the NCAA tournament after defeating the Alabama Crimson Tide, 3-2, Friday, Dec. 1, at Gregory Gymnasium on the University of Texas campus in Austin. It is the first time since 1989 that a Southland Conference member has recorded a victory in the first round of the NCAA postseason.

Traci Rohde, Norman, Okla., junior, and Shelly Swendig, Garland sophomore, led the Ladyjacks' offense with 18 and 17 kills, respectively. Rohde only had three errors in 42 attempts to hit .357 in the match, the highest on both sides.

Stephanie Figgers, Katy senior,, finished the match with 34 digs, the 11th time she's recorded more than 30 digs in a match this season. JJ Jones, Allen junior, had 49 assists.

The 2006 volleyball season came to a close the following evening when the Ladyjacks were defeated by the Texas Longhorns, 3-0. The loss snapped a 26-match win streak for the Ladyjacks.

Although SFA put the ball on the ground first in Game 1 on a block by Rohde, Texas put together several 4-0 runs to put together an eventual 11-point lead at the 20-9 mark. The Ladyjacks could not string together more than two points at a time and fell, 30-16.

In the second game of the match, SFA once again struck first and kept the Longhorns' lead to within two points until Texas went on a 4-0 run off an 8-8 tie to make the score 12-8. An 8-3 run extended the Longhorns' lead to 28-17 and gave them the 30-19 win.

The Longhorns wasted no time in the third set, taking a 5-0 lead coming out of the break. The quick jump set back the Ladyjacks, who cut the lead to four at 10-6. But Texas extended the comfort zone by scoring the next eight points. The Longhorns sealed the victory with a score of 30-21.

Rohde was the only Ladyjack to post double-digit kills with 10. Jones had 25 digs in the match with SFA all-time digs leader Figgers collecting 17 digs.

The Ladyjacks finished with a 31-4 overall season record. SFA once again dominated the SLC's postseason awards, landing three first-team picks in Figgers, Jones, and Rohde. Lauren Railey, McKinney sophomore, earned a second-team spot and Swendig was given an honorable mention. SFA head coach Debbie Humphreys was also named the Katrinka Jo Crawford Coach of the Year.

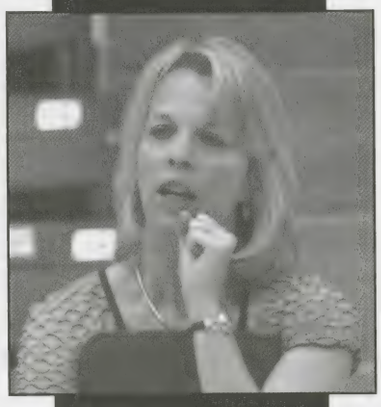

Figgers not only earned her second consecutive first-team pick but took her third straight Libero of the Year award, which is in its third year of existence. She was also given the league's top honor in being named player of the year.

During last week's SLC tournament, Figgers totaled her digs to 802, breaking the league season record. Her career total of 2,547 digs is also a conference record. She was also named MVP of the tournament.

After leading her team to consecutive undefeated conference records (19-0, 16-0) and finishing 2006 with a 27-3 overall record, Humphreys received her fourth Katrinka Jo Crawford Coach of the Year honor.

digging her way into the record books

There are few records Stephanie Figgers doesn't hold, but her career total of 2,598 digs is a conference record and second all-time in the NCAA. In the NCAA tournament, Figgers pushed her digs to 853 breaking the league season record as well.

But behind all that lies a pre-pharmacy major who just enjoys playing volleyball.

"The best thing about playing here at SFA is that there is a balance of volleyball and school. Coach understands that we have a life outside of volleyball and gives us time for schoolwork. Volleyball isn't my life," she said.

The senior came to SFA originally as a two-sport athlete, in both volleyball and softball.

"Coach Humphreys worked with me during my senior year of high school to ensure I could play both volleyball and softball while in college," Figgers recalls.

After one year though, she realized how demanding it was to play two Division I sports and choose volleyball.

"It was hard to play two sports and keep up with my school work. I had played softball for a really long time, and I was starting to get tired of it, so I chose volleyball," Figgers said.

For the past three years, she has been awarded the Southland Conference Libero of the Year award, an award only in its third year of existence. This season she was also named the SLC Player of the Year and the SLC tournament Most Valuable Player.

Getting focused for a game is easy for Figgers. Simply listening to some music and drinking a Coke before warming up does the trick.

"Sometimes during the game, it's hard to stay focused on playing. Physically and emotionally you are drained, and it's hard to focus on the game rather than the fact you are tired," she said.

Figgers and her Ladyjack teammates earned an automatic bid to the NCAA championships in Austin after defeating University of Texas-Arlington in the SLC tournament.

"It was awesome!" she exclaimed. "We were all so excited because we knew this was the year for us. It took a couple of days for it really to sink in, but it was great."

Figgers hoped to end the season by going out and having fun.

"Getting to play Texas in the NCAA championship was pretty cool."

A Family Affair

Sisters Laura and Mary Harrison are both members of SFA's Tennis team, and they planned it that way.

"I wanted my sister to play here," Laura said. "We help each other out on the court and generally like to be around one another."

The girls, two years apart, have both been playing since the age of 7. Coming from a successful tennis family it was only natural the girls began playing the sport their father, aunts and uncle played through college.

"No one pushed us to play," Mary recalls. "We loved the game as much as they did."

While attending Captain Shreve High School in Shreveport, La., the girls won the 5A doubles state title twice as partners.

"We grew up playing together, so we have our ways of doing things to help each other out," Laura said. "Winning state together was awesome."

Laura also won state twice with Ladyjack Tennis alumna Robin Houston, who pushed for Laura to come to SFA.

"Robin and I had won state together, and she encouraged me to come visit the campus," Laura said. "The campus wasn't too far from home but far enough away."

When Mary graduated from high school, she originally looked for a school up north.

"I wanted to get away, far away," Mary said. "But ultimately I chose SFA because my sister kept pushing me to come here. I knew the team too, so that made it easier to decide."

The sisters are no longer doubles partners.

"It's hard sometimes because we are used to each other," Laura said. "I'm not afraid to yell at Mary when she messes up; other girls are."

For the most part, the girls get along on the court, but the occasional personal tiff makes its way onto the court.

"When we get mad at each other, it's not for long," Mary said. "We just hit each other with the ball and then get over it."

Having a strong support system is something the girls are grateful to have.

"Playing for the same team allows us to cheer each other on, something that we have done all our lives," Laura said.

"The only problem is when we have to play against each other," Mary said. "That's never fun."

Season Overview

by Sydney Davis

Ladyjack Tennis finished the Spring 2006 season with a disappointing 6-12 overall record and a 1-8 Southland Conference record.

SFA had a good showing against Nicholls State where it dominated the tournament, getting the only conference win of the season.

They came close in a tournament with Northwestern State, but the Ladyjacks fell short of victory. Kama Scott, Abilene senior, got the No. 2 singles win while Gabriela Gadera, Sofia, Bulgaria, freshman, got the No. 6 singles win.

All three doubles teams defeated the Lady Demons to grab the No. 1, 2 and 3 doubles wins. The teams consisted of Scott and Megan Langston, Abilene senior; Laura Harrison, Shreveport, La., junior, and Lauren Nowicki, Jacksonville, Fla., junior; and Mary Harrison, Shreveport, La., freshman,

Building on Last Season

by Lindsey Standley

The Ladyjack Basketball team made quite a splash during the 2005-06 season, finishing with a 23-8 overall record as well as the title of Southland Conference Champions.

The Ladyjacks opened Southland Conference play against Nicholls State, who suffered from a 1-10 record at the time. SFA destroyed NSU, 80-59, and started off the SLC season the right way. It didn't take long for the Ladyjacks to climb the charts, capturing win after win.

After working its way to a 13-2 SLC record, SFA found itself facing off against rival Sam Houston State, 4-11, in the regular season finale. The Ladyjacks wrecked any chances for a tie-breaker scenario after their victory over the Bearkats, combined with Texas-Arlington's loss to McNeese State.

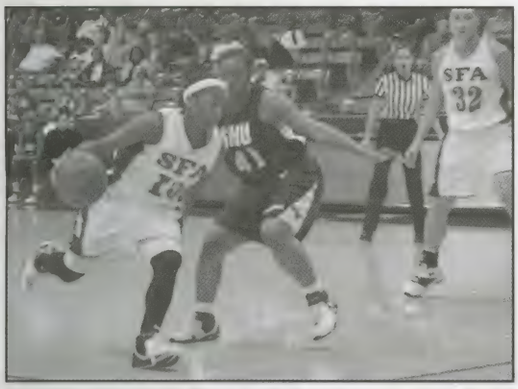

SFA's four seniors, LaToya Mills from Houston, Kendria Smith from Shreveport, La., Kirby Killingsworth from Longview, and Britany Vinson from Prattville, Ala., each had spectacular individual performances in their last regular season game.

The Ladyjacks entered the Southland Conference Championships as the No. 1 seed and hosted Lamar, who entered as the No. 8 seed, in the first round of play. Despite a close game, SFA came out on top with a 54-53 victory, which advanced them to the second round against No. 5 seed Louisiana-Monroe. The Ladyjacks had another close call, but scraped out a 72-71 win to advance to the third round against No. 3 seed Texas-San Antonio.

With the hearts of true champions, the Ladyjacks defeated UTSA, 56-48, and advanced to the Big Dance, set to play No. 4 seed Arizona State in the NCAA Championships. However, the team didn't make it any farther after an 80-61 loss to the Sun Devils in Tucson, Ariz.

The Ladyjacks are hoping to continue the success of the 2005-06 season during the 2006-07 season.

Lumberjack Basketball Turns Things Around

The Lumberjack Basketball team proved itself during the 2005-06 season. After starting out 0-3 in Southland Conference play, the Jacks quickly turned the tables and advanced to one win away from earning admission into the eight-team SLC postseason tournament. The team battled it out against Louisiana-Monroe and came out on top with a score of 73-57.

The Jacks didn't stop there. Even though their win against UL-Monroe guaranteed them a No. 6 seed in the eight-team tournament, the Lumberjacks won their final game against Sam Houston State, 73-72. This was their regular season finale, and the win handed them the right to host a first-round game against McNeese State in the tournament.

SFA pulled quite a turn-around toward the end of the season, winning six of its last eight contests and taking the No. 4 seed.

The Jacks won their first game of the tournament against the Cowboys, thanks to the SFA defense and 19 unanswered points over a six-minute stretch.

During the second round of the tournament, the Jacks' win rally was ended after a 78-72 loss to rivals Sam Houston State in Huntsville. Marcus Clark, Marshall senior, led the team with 24 points, but it wasn't enough. Despite a 12-point lead over the Bearkats, SFA ended its season in the SLC semifinals with a 17-1 overall record.

Lumberjack Baseball takes down the Cougars

by Sydney Davis

Despite a somewhat lackluster season, the Lumberjack Baseball team fought valiantly at the end of its first season back at SFA. Going into their second game of the season against the University of Houston Cougars, the Jacks weren't expected to be a threat. But the boys proved everyone, including themselves, wrong.

With a combination of good pitching and solid hits throughout the entire game, the Jacks upset the No. 10 college baseball team in the nation (Baseball America Top 25) stopping their 18-game winning streak.

Freshman Erich Lehmann got the start and threw four innings, surrendering the only two runs scored by the Cougars.

Jared Schrom, freshman, kept UH to only one hit in five shutout innings.

"This was basically the same as any other game," Schrom said. "Coach (Watson) told me to hit my spots and keep the batters off balance."

Schrom got the win, his first, lifting him to a 2-2 season record.

"It felt good to finally get a win," Schrom said. "I have been struggling so it felt good, especially against a team like Houston."

The Cougars scored the first run of the game in the top of the second after two singles down the left side. Lehmann kept the Cougars to one run by striking out the final batter of the inning.

The Jacks answered the Cougars with a two-run single by Steven Hill, junior. Clay Britton, junior, walked, putting a man on first. David Jeans, junior, singled to center field advancing Clay to second. Clay's younger brother, Buck Britton, sophomore, also walked, loading the bases. Hill's two-run single up the middle scored Jeans and Clay.

During the fourth inning, UH tied the score with a solo home run to left field.

Schrom came in to pitch for Lehmann at the top of the fifth, shutting out the Cougars until the top of seventh. In spite of a single, the Cougars were unable to score.

At the bottom of seventh, Buck Britton stepped up and took the lead back with a double. After Zach Gardner, freshman, singled to center field and stole second, Buck doubled down the right field line scoring Gardner and giving the Jacks a 3-2 lead.

Schrom continued his stellar pitching performance, shutting out the next five batters. With two outs on the board in the top of the ninth, it was looking as though the Jacks were going to upset the Cougars, but Gardner gave the team a scare when he dropped the third out, a fly to center field. The batter made it to second base, bringing up the Cougars' home run hitter from that afternoon. Schrom pitched him inside, forcing him to hit a flyout to right field.

Coach Watson reflected after the game on the win against UH saying it was a confidence booster for the team who had been so close to winning so many times.

The Lumberjack Baseball team finished its first season of play since 1995 with a 16-41 overall record and an 8-23 Southland Conference record.

baseball

Meet Erich Lehmann

Watauga Freshman pitcher

Best One-Hit Wonder:
I really like "Dust in the Wind." It's a good song, and I can't help but picture Will Ferrell in "Old School" singing it when I hear it.

Favorite Baseball Field:
Fenway Park. I've always been a big Red Sox fan and besides with the "Green Monster" in left field, it's kind of a pitcher's park at times.

Erik Gregersen warms up in the bullpen during one of the Lumberjacks' home games. *Photos by Sydney Davis.*

sibling rivalry: buck and clay britton

Buck Britton
Position: Second Base and Shortstop
Hometown: Weatherford, Texas

Why did you choose SFA? I was awarded a scholarship, and it was a first-year program. I wanted to be a part of making history.

Did you plan to play baseball with your brother? No, I didn't know he was looking here.

How long have you been playing baseball? Since I was five, so like 15 years.

Do you have any pre-game rituals? No, not really.

What is your favorite post-game meal? A big fat steak.

What was your most memorable game this season? When we had a triple play at the University of Texas at San Antonio game.

What's the most annoying thing Clay does? When he talks to his girlfriend on the phone while sitting at the dinner table with a group of guys.

How would you grade Clay's performance this season? I'd give him a B-.

Who are your baseball heroes? Ken Griffey and David Eckstein.

What is your favorite professional team? St. Louis Cardinals.

If you could play with any current professional player, who would it be and why? I would definitely want to play with Albert Pujols, because he's a baseball god.

Clay Britton
Position: Shortstop, Third Base and Outfield
Hometown: Weatherford, Texas

Why did you choose SFA? I wanted to help build a program, and Coach Watson has a good reputation for bringing teams together. I also wanted to be part of the tradition of baseball coming back to SFA.

Did you plan to play baseball with your brother? I found out Coach Watson was talking to Buck, but I didn't intend on playing with him.

How long have you been playing baseball? Since I was about 5 years old.

Do you have any pre-game rituals? Not really, just warming up.

What is your favorite post-game meal? Chicken & rice.

What was your most memorable game this season? The day I batted 4 for 6 against McNeese.

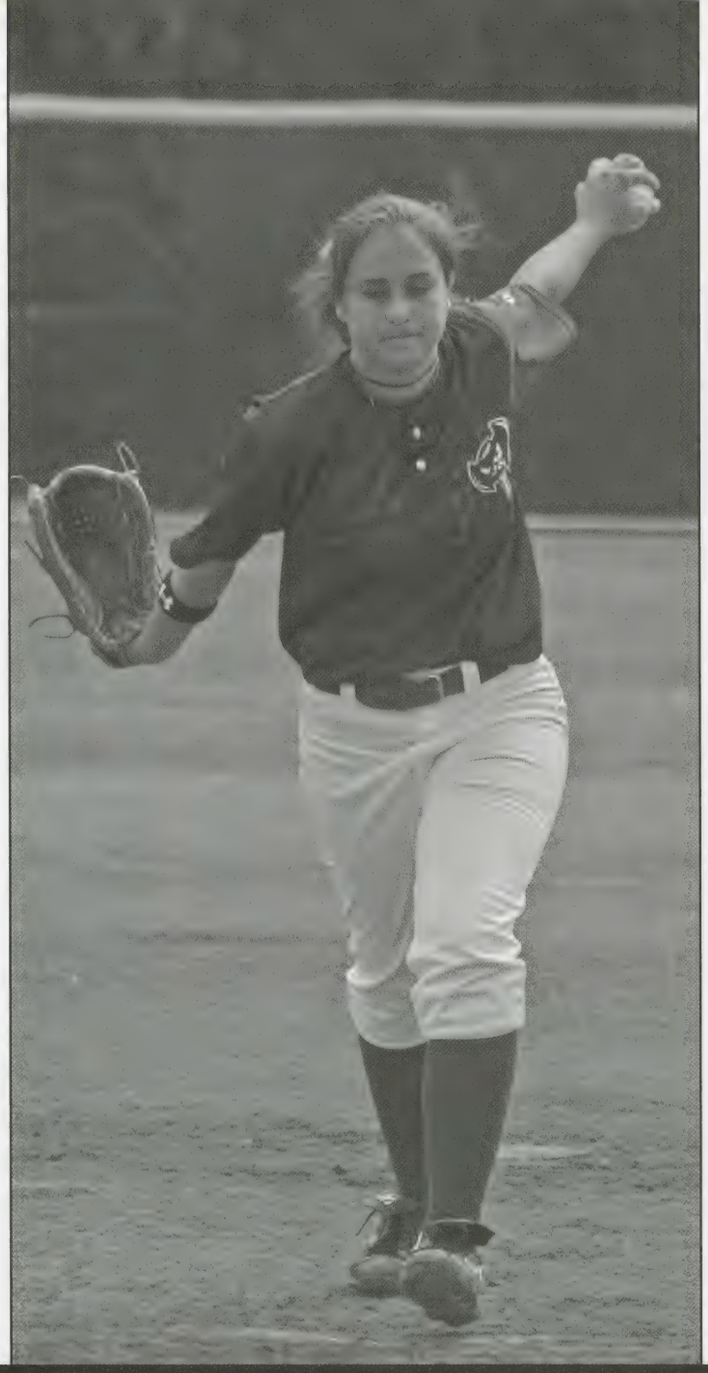

What's the most annoying thing Buck does? He thinks he knows everything, which he doesn't.

How would you grade Clay's performance this season? He's done well, about an A.

Who are your baseball heroes? Roger Maris and Lou Gehrig.

What is your favorite professional team? New York Yankees.

If you could play with any current professional player, who would it be and why? I'd like to play with Alex Rodriguez just to see him hit and how he prepares for his games.

far from home: nicole carter

Senior pitcher Nicole Carter came to SFA her freshman year after growing up in northern California. The Sacramento native was recruited by then head softball coach Jennifer Poulsen, a northern California native herself.

"I belonged to a 'softball' school back home," Carter said. "It's a little different than here in Texas. You played on your high school team, then you went to another school where you learned mechanics and played for that tournament team as well."

"Coach Poulsen saw me during one of the college clinics the schools held and started to recruit me to come to SFA."

Carter had been to Texas a few times before. During her high school years, she and her tournament team had come to Houston a couple of weekends for games. On her recruitment trip, she flew into Houston again.

"I remember flying into Houston thinking, 'This isn't too bad,' but as we drove up 59 it became, more of a culture shock," Carter said. "I had never been to any small towns before, so to drive through them on the way got me a little worried. It was looking very country as we got closer and closer."

The culture shock was even more evident once she settled into life at SFA.

"Softball was my life," she said. "But it has always been a positive experience. Just being around people who are so different than people back home broadens your perspectives."

far from home: nicole carter

The distance from home was the hardest part for Carter. Being 1,500-plus miles from home meant missing out on family events and milestones.

"I missed out on what my family was doing," she said. "I missed a wedding because I couldn't just drive home for the weekend like a lot of students here.

"I went home for Thanksgiving my freshman year, but in the years following, I only made it home for Christmas.

"Several friends invited me to go home with them to celebrate holidays with their families, but it wasn't quite the same.

"My family has some Easter traditions, and it was sad I couldn't be a part of them. But most of all, I missed my little brother."

Carter has no regrets for choosing to go to a school halfway across the country.

"I have made a lot of great friends, played some great softball and loved all my classes and my elementary education major," she said. "I graduate in December of 2006, but I want to go to grad school. I'm thinking of staying here at SFA, but after that, who knows.

"I'm not sure whether I want to stay in a small town here in Texas or move to a bigger city, or move back home to California. It's all up in the air."

Regardless of her decision, Carter will look back with a smile on her experience at SFA as both a student and an athlete. *Story by Sydney Davis.*

Home Run Hitters

Tara Hersey & Lee Lara break SFA home run records during season.

Seniors Tara Hersey and Lee Lara wanted to make sure their last weekend in an SFA uniform was a memorable one as they knocked out home runs to break a 21-year-old school record. Holly Nuber set the record for most home runs in a single season of play back in 1985 with seven.

The Ladyjacks swept the April 29-30 weekend series against Southeastern Lousiana, 11-0, 8-0 and 11-4. This was the second SLC series sweep of the season.

During the first inning of Game 1, Lara smacked a three-run shot over the left-center field wall on the 13th pitch of her at-bat. The home run marked her eighth of the season and broke Nuber's record.

The very next inning Crystal Dahlquist, junior, and Lara drew back-to-back walks. Jessica Tullos, junior, followed with a single loading the bases. Hersey then hit a grand slam to left-center, tying Lara for the school record.

Hersey would later follow with a two-run shot to center field to take ownership of the home run record with her ninth home run.

Hersey finished the game 3-for-3 with three runs scored and six RBIs. Lara was 1-for-2 with two runs scored and three RBIs.

Hersey ended the season with a .287 batting average with 37 RBIs and a .535 slugging average.

Lara ended the season with a .338 batting average with 34 RBIs and a .599 slugging average. She also led the team in doubles, 9, triples, 2, and total bases, 85.

The senior pitchers Traci Moore, Nicole Carter and Julie Morse ended the season with 41, 75 and seven strikeouts respectively.

The SFA Ladyjack Softball team finished the season with an overall record of 20-28 and a 9-15 Southland Conference record. They had a team batting average of .269 with a total of 336 hits and 166 RBIs. They racked up a total of 67 doubles, 7 triples and 26 home runs. The team turned 11 double plays during the season.

Lumberjacks
Finish Second in SLC

For the first time since 2001, the Southland Conference Cross Country Championships came and went without a championship performance of some sort by an SFA team or individual. Lamar swept both the men's and women's team titles Friday, Oct. 27, 2006, at Pecan Acres Park in Nacogdoches.

Lamar packed four of its five scoring runners into the Top 6 to win the men's team title, breaking a run of five consecutive SLC wins by the Lumberjacks. The Cardinals completed the sweep by winning the women's team crown and individual title, halting a four-year run of Ladyjack individual champions.

SFA looked strong early in the men's race. Seniors Marc Farris, Goliad; Julian Acuna, Agua Dulce, and Chance Edwards, San Saba, kept the lead pack within striking distance though the first two loops of the 8,000-meter course. But the leaders slowly began to pull away as the race wore on. The leader broke the tape at 24:20. Edwards finished eighth, the first of five successive Lumberjacks to cross the line. He posted a time of 25:32. Farris (25:50), Acuna (25:56) and sophomores Teddy Fanta, Houston, (26:03) and Cole Hollingsworth, Burleson, (26:04) came across ninth through 12th, respectively, to give SFA a team score of 50 points. Lamar finished with 37.

Senior and 2005 SLC individual champion Cody Clark, Merit, finished 16th with a time of 26:13, sophomore Keith Mahipala, Plano, was 20th with a time of 26:25, and senior Rodney Joseph, Decatur, crossed the line 28th with a time of 26:57.

In the women's race, two-time defending SLC champion Ashley Monteau, Anahuac, led the Ladyjacks with her fifth-place finish. She recorded a time of 22:36. Senior LaKoa McKeever, Houston, was 11th with a time of 23:18. Freshman Mandy Willis, Conroe, performed well in her SLC debut, crossing the line 15th with a time of 23:35. Junior Katrina Nicholas, Natchitoches, La., was 20th, completing the course in 23:48, and junior Kirsten Wieseman, Victoria, finished two places behind her with a time of 23:50, rounding out SFA's scoring runners. The Ladyjacks posted a team score of 73 points.

Freshman Chelsea Bradford, Frisco, came across 28th for the Ladyjacks, posting a time of 24:07, while senior Kimbri Lettkeman, Watonga, Okla., was 31st with a time of 24:12, and junior Amber Bagwell, Pasadena, finished 33rd with a time of 24:14.

track

Ryder Peacock, Woodson junior, starts his season on high after transferring from McMurry in Fall 2006.

Sarah Emerson, LaSalle, Canada, junior, lets a javelin fly during a track meet.

Two SFA Lumberjacks complete the last leg of a relay race during a track meet that took place in Nacogdoches.

Lazenby, Wyatt, Chang shine for SFA Track

After the school year had ended for most SFA students, 15 track stars were preparing for the NCAA Midwest Regional Track and Field Championships. They competed against athletes from Big 12 powers like Texas and Baylor, as well as the cream of the crop from other schools across the region. The meet was held May 26-27 at the University of Texas' Mike Myers Stadium in Austin.

Junior Reggie Lazenby posted six NCAA regional qualifying marks in the long jump this season, his last—a jump of 26-02.25—breaking the school record and winning the individual title at the Southland Conference Outdoor Championships. The jump was the best performance turned in by an American-born collegian. Lazenby also qualified in the 110-meter hurdles.

The Ladyjack 4x400-meter relay team qualified for regional competition. The team includes seniors Stevina Wyatt and Crystal Chang, sophomore Katrina Roundtree and freshman Teshania Langston.

Wyatt also competed in the 400-meter hurdles and Roundtree in the 400-meter dash.

After Regionals, three athletes qualified for the NCAA Championships June 7-10 at the A.G. Spanos Sports Complex in Sacramento, Calif.

Wyatt earned her trip by finishing second in the 400-meter hurdles with a time of 59.68, the first time in her career she broke the 60-second barrier.

Lazenby finished 10th in the long jump, but his marks in the Southland Conference Championship qualified him for the national meet, a mark that stood second-best in the nation.

Chang competed in the heptathlon, the second trip to the NCAA Championships of her senior year. She scored 5,255 points to win the SLC Championship.

At the National Championships, Lazenby just missed advancing to the finals but finished 15th overall in the preliminary round. Wyatt finished sixth in her heat and failed to advance to the semifinal round. Chang finished 26th overall in the heptathlon with a score of 4,400 points.

On June 19, 2006, SFA was awarded both the Southland Conference cross country and outdoor track and field championships for the 2006-07 school year.

Equestrian team begins season at home

The Ladyjack Equestrian team won two of its three home shows at Walter C. Todd Agricultural Research and Equine Center.

SFA opened its season with a loss to Texas A&M but followed with back-to-back wins over TCU and Delaware State.

During the TCU show, Kristin Landes, Dayton, Va., freshman, was the top scorer in equitation over fences and was named MVP.

Jessica Weaver, Nacogdoches freshman, was also named MVP for the show's Western horsemanship category.

Houston sophomore Alex Fincher's score of 91 in the hunt seat-only show against Delaware State gave SFA a 3-0 sweep in the points and earned flat competition MVP honors for herself.

The Ladyjacks concluded their Fall 2006 schedule with shows against SMU, Tennessee-Martin and Georgia.

Four Seniors Kick It

Story by Katie Wesson

Four girls stepped onto four different pitches, two in Canada, two in America. In the fall of 2003, the four stepped onto the same pitch at Stephen F. Austin State University. Since then, they have been inseparable.

Jill Robinson, Calgary; Mary Surkein, The Woodlands; Andrea Ramirez, Austin, and Shahin Pabani, Calgary, all came from different parts of North America to play soccer in the small town of Nacogdoches for the same team.

"I was the kid picking dandelions on the field," Robinson said. But then she fell in love with the team atmosphere and has been playing ever since.

Surkein started playing with friends and was hooked.

Ramirez, like Robinson started playing around the age of four. Her brother played, and her dad coached soccer "forever." So it was inevitable that she would start kicking around the ball, too.

Pabani was an all-sport athlete at first. "I played everything, but I narrowed it down to soccer in the end," she said. The decision was a good one as she has been a leading scorer for SFA since she started playing.

They all had different reasons for coming to SFA. Robinson loved how America treated athletes, the weather and the pine trees. Surkein and Pabani were on the same recruiting trip and were impressed with the campus and the team. Surkein loved that Nacogdoches was close to The Woodlands. Pabani wanted to play anywhere and wanted to experience life outside of Canada. Ramirez really liked the coaches and her roommate, both helped of whom her enjoy life at SFA.

There were 11 freshmen who came to SFA their first year to play soccer. The full squad did everything together. The cafeteria was their main bonding area. All sat together and if they couldn't all fit, they didn't eat, according to Robinson.

"That's where it all began," Ramirez said.

Of course it was not always peace and tranquility, but they always talked out their problems and worked it out.

"We had what you would call 'tiffles'," Robinson said.

At the end of their collegiate careers, they can look back on their fun times together.

"The championship game our freshman year was a great memory," Ramirez said. Games against Duke in the NCAA Tournament and A&M were favorite games as well, because they had to overcome obstacles against formidable opponents.

After each finishes her degree, they will be moving off to different places, but they look forward to making a trip back to the Piney Woods for a five-year reunion. None will stop playing soccer.

On Oct. 28 of the 2006 season, friends and family came to SFA to honor Robinson, Surken, Ramirez and Pabani in their final regular season game. In the opening ceremonies, the coaching staff decided to honor a long-standing wish of Robinson and Pabani by playing the Canadian national anthem. The Ladyjacks won the game 4-2. The game was highlighted by Ramirez sealing the win with her first career goal.

The Ladyjacks finished the 2006 with a loss to McNeese State in the Southland Conference Tournament in San Marcos. SFA ended its season with a 9-8-1 overall mark.

In the end, for four women from different backgrounds, their four years together will have an impact on the rest of their lives.

It didn't matter what the outcome was or who scored, it was about playing their favorite game together.

intramurals

Photo by Chris Litherland

The intramurals program at SFA offers a large number of sports and activities for student participation. Men's, women's and co-recreational sports are offered. Basketball, football, softball, volleyball and flickerball are offered as team sports. These teams play in league competition. The top two go to a single elimination consolation tournament, and the winners have the opportunity to participate in state competition.

scholars

reflections of the future

section editor mindy arendt

The students, whether graduate or undergraduate, are what make Stephen F. Austin the unique place it is. Their faces reflect the spirit of the Lumberjack, the hard work of their professors and the lessons learned while at SFA. All students hope to be successful after their days at SFA are over; they hope to walk in the footsteps of those Lumberjacks who graduated before them. No matter what happens after they walk across that stage, every student will always bleed purple.

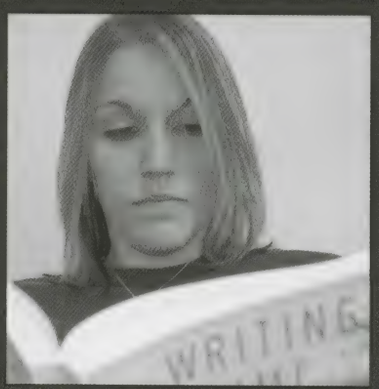

PURPLE HAZE
PURPLE HAZE
BURNS IN MY SOUL

WRITING

STEPHEN F. AUSTIN STATE UNIVERSITY

Office of the President
P.O. Box 6078, SFA Station • Nacogdoches, Texas 75962-6078
Phone (936) 468-2201 • Fax (936) 468-2202

Dear SFA students,

I, like you, am a Lumberjack.

SFA has been a big part of my life for more than 40 years, first as a student, then as an administrator and now as interim president. I've had an amazing life filled with service to students like you, and I predict you'll have an amazing life, too, because of the purple and white bonds that you now are creating.

There's great excitement on the campus today with the growth in enrollment, academic achievement and numerous construction projects recently completed or soon to be finished.

More students like you are seeking to become Lumberjacks. Our fall enrollment of first-time undergraduates grew 17 percent, the largest number of first-year students since 2000.

In academic programs, Lumberjacks are going farther with international study programs in the Nelson Rusche College of Business, the College of Fine Arts, and the College of Liberal and Applied Arts. Lumberjacks are among the highest ranked in Texas on professional examinations for education and nursing. And they are experiencing enhanced educational research opportunities in programs such as the Columbia Regional Geospatial Service Center, the Pharmaceutical Crops Center and the Poultry Science Center in the Arthur Temple College of Forestry and Agriculture.

During the 2006-07 year, we have opened Lumberjack Village with apartment-style living, and we'll dedicate a new student center that will have a theatre and eating, shopping and meeting facilities – more places to gather and build life-long friendships with other Lumberjacks. During 2007, Lumberjacks can look forward to the opening of a new student recreation center that will be the envy of students from across the state.

We Lumberjacks have a lot to celebrate, and the future will only become brighter with students like you.

Axe'm Jacks,

Baker Pattillo

Mr. and Miss SFA

SFA was honored to name Ricky Smith of Duncanville and Amanda Cathey of Lockhart as this year's Mr. and Miss SFA.

For many years, this award has been given to honor two students who have shown outstanding dedication to serving the school and the students.

Ricky Smith, son of Ricky and Reva Smith, has graduated with a B.B.A. degree in management with a concentration in human resources and is currently working on his M.B.A. in general business.

During his time at SFA, Smith has had the opportunity to be active in many organizations including Omicron Delta Kappa, the Student Foundation Association, Graduate Student Association and Kappa Alpha Psi fraternity.

He has also been a member of the Student Activities Association, the National Pan-Hellenic Council, the National Broadcasting Society and the American Women and Men in Communication among many others.

Smith has received several awards including Who's Who Among Students in American Universities and Colleges, the President's Service Volunteer Award and, Student Activities Member of the Month.

He was also nominated for Adviser of the Year and made the Dean's List for the Nelson Rusche College of Business.

Even though he has very little spare time, Smith has managed to be the director of the first "Ride or Die" voting shuttle during the 2004 presidential elections, complete two internships and speak to many local middle school students about the importance of staying in school.

When he actually gets time to rest, Smith said he enjoys spending time with his family, friends and fraternity.

Smith said one of his favorite SFA traditions is the Big Dip where students receive their Mentor Rings and dip their hand in purple dye to show their loyalty to SFA.

"For many semesters, I watched as hundreds of students dipped their hand in that deep purple dye as they received their Mentor Rings," Smith said. "I too will have a mentor for life."

Smith said he has had a great time attending SFA and participating in the traditions.

"From the relationships I've obtained, to the knowledge I've gained, they are all memorable moments that I wouldn't trade for the world," Smith said.

Amanda Cathey, daughter of Fred and Judy Cathey, is a senior with a hospitality administration major and a minor in leadership.

Cathey is involved in many organizations on campus including the Hospitality Administration Society, Omicron Delta Kappa. She is a National Association of Campus Activities student representative, member of Diamond Jacks and a member of Student Foundation Association.

Cathey also has been a tribal leader and assistant director for Jack Camp and was the junior senator for SGA last year.

Perhaps her most challenging task this year is being the president of the Student Activities Association.

"I love being SAA president; I knew I wanted this position when I came to SFA as a freshman," Cathey said. "It is very hard sometimes to deal with the stress that comes along with the job, but it has been the best experience of my life thus far."

Cathey has been the recipient of several awards over the past three years, but she said she was most proud of receiving Volunteer of the Year at SFA in 2005, the NACA Outstanding Student Leader of 2006 and Miss SFA.

Cathey had over 800 hours of volunteer hours for the President's Service Award program that honors students who volunteer at least 100 hours a year.

In the very little spare time she has, Cathey said her favorite thing to do is be around her friends.

"They mean so much to me and really have helped me to grow and become who I am today," she said.

Cathey said her favorite SFA tradition is Springfest.

"I have been part of Springfest for four years now, and it grows every year," Cathey said.

Springfest is when SAA joins with other organizations on campus to throw a huge party for the students. It lasts for a whole week and usually features live bands, inflatable games, free food, drinks and prizes.

Ever since Cathey met Mr. SFA, Justin Sawyers, her freshman year, Cathey has thought it would be amazing to even be qualified to receive this award.

Smith and Cathey both agree that receiving the Mr. and Miss SFA award is one of the highest honors they have received yet.

"I have had the opportunity to leave my mark in the history books of a wonderful institution. It is a place where many great individuals have studied, have made an impact while they were here and have gone on to do great things," Smith said.

"I am so proud and so honored to be chosen to represent what SFA stands for and will become in the year to come," Cathey said.

Reflecting on th

"After being a photographer for The Pine Log and Stone Fort for four years, I have gained experience, guidance, knowlegde, friends and a lifetime full of memories"

-Mindy Arendt, Gainesville senior

e last four years

Photos by Mindy Arendt

Hardy Meredith

SFA Public Affairs Coordinator of Photography Services
Adjunct Faculty in Communication

I transferred to SFA from Brazosport Junior College in the spring of 1978, and I knew I was interested in being on staff at The Pine Log and Stone Fort.

I was hired for the photography staff the next fall and stayed on staff through the 1980-1981 academic year, when I was chief photographer. The other staff members that first year were Mike Silva, Melody Smith and Kenneth James, who each had their own style which I tried to mimic in my photography. Mike was the outgoing type, proud of doing things his way or no way. Melody was artistic with unique lighting ideas and the only female on the staff. And Kenneth liked taking photos of girls, campus activities and sports . . . mainly girls.

Learning from these staff members gave me different perspectives on photography and helped me develop my own skills. Photography professor Dr. Michael Roach was by far the greatest influence on my photography, not only teaching me book knowledge but also providing many hours of hands-on training and telling stories which encouraged me to want to learn.

Hours and hours of work in Student Publications taught many of us the meaning of the word deadline. I remember spending three full days at school—going to class, shooting deadline assignments, processing film and printing photos for both the newspaper and yearbook. . . and taking a sponge bath in the darkroom sink.

During the time I was chief photographer, I also interned on weekends at the Tyler Morning Telegraph, where I was again the new kid on the block, learning from senior staff members. The people I learned from at SFA and in Tyler were instrumental in giving me the information, skills and confidence I used for years as a photographer for the Nacogdoches Daily Sentinel and which I continue to use today as the Coordinator of Photographic Services at SFA.

Rhonda Minton

Alumni Affairs Associate Director
Adjunct Faculty in Communication

My Pine Log "reflections" bring back wonderful memories. What a great time our staff had covering a variety of stories. One of my top ones had to be the feature story with tattoo artist "Shakey Bob" and studio owner "Tattoo Eddie" in Moscow, Texas. The adventure with my photographer Robert Seale, who is now a nationally known professional photographer, and student Joe Boothe to the little Highway 59 tattoo shack emblazoned with neon lighting was definitely memorable.

Another favorite was snagging the interview with SFA President Dr. William R. Johnson after a late afternoon press conference where he announced his resignation from the University after 14 years as president. He was trying to make a quick retreat to the Austin Building when I caught up with him and matched him stride-for-stride back to his office. Since our Pine Log production night was that evening, I wanted to make sure the campus newspaper had the full story. Dr. Johnson visited with me for more than 30 minutes that evening, and we had our story. And we had it first.

An interview with a University administrator for a routine story opened the door to my first job out of college. Her son owned a marketing agency in the Washington, D.C., area and was looking to hire his first employee. A few weeks later, we flew to Washington, met and visited, and I came back with a job offer. Having a job already lined up after graduation was indeed a blessing.

About two years later, the opportunity to return to SFA presented itself with the offer to work with Ken Kennamer (pictured above with Minton), one of my mentors, in what was then called the University News Service. Now, in my position as communication director for the Alumni Association, I feel fortunate to still be a part of the SFA community. My experience as a member of The Pine Log staff has paved the way toward a great career, a career that has blessed me the opportunity to meet people of all ages and from all walks of life. I can't ask for much more than that.

Kenneth James

SFASU Board of Regents

Looking back on the time I spent at SFA, it never ceases to amaze me that so many of the skills I acquired while serving on The Pine Log and Stone Fort staffs are skills that I use every day to successfully accomplish a variety of task in my role handling the financial affairs of my family business of over 20 restaurants across Texas. For example, when I first joined the Student Publications staff, I worked on photographing stories for various sections and layouts, which requires a keen interest in others and the ability to focus on what is important while capturing moments. After you shoot a photo, you have to translate those images into a story that people can relate to; most importantly, you have to find where it fits in the grand scheme of the publication.

Today when I plan strategies for my company, I find myself continuing to hone the visualization skills I developed back then when attempting to capture the spirit of the time. First I focus on where it is I see the company going, forming a snapshot of the events and people that will play an essential role in its destiny. Then, I write down those goals as I see them, creating a visual storyboard of the events that will shape our future—much like I did when assisting in creating layouts. Finally I share the vision I have with my employees, in an effort to fuel their company pride and spirit. Another example that demonstrates the great impact working on the student publications staff has had on my life is the teambuilding and leadership skills I developed. I often worked with writers and designers to complete layouts for the publication. The ability to work as a team to accomplish a goal is something that benefited me both professionally and personally.

Lastly, being prepared and cultivating relationships enabled me to do the best job of documenting and preserving important memories. Little did I know then that managing relationships would be one of my primary daily responsibilities in my company. I pride myself on developing and maintaining positive working relationships with those essential to the goals of our business. Although I did not pursue a career in photojournalism, I know that I owe much of my sucess to the time I spent working on the Student Publications staff at SFA.

Wanda Mouton

Communication Associate Professor

I wasn't like so many of my friends attending college in the early seventies who had no idea of what they wanted to do "when they grew up." I always knew, as early as sixth grade, that I was going to major in journalism so that I could be an independent, feminist journalist who was going to change the world. I had grown up in Nacogdoches County and visited the University since I was a small child. I was excited about enrolling at SFASU and took my first news writing class as soon as I possibly could as a sophomore.

My first "job" on The Pine Log was as a reporter in the beginning news writing class, and my first regular beat assignment was in forestry, an area about which I knew nothing except that it involved trees in a big way. However, I wrote inches and inches of copy that semester because forestry has always been such a big part of SFA, and nearly every story I wrote was published. I had a good time visiting that part of the campus because most of the forestry majors were guys—guys who wore flannel shirts, had beards, chopped lots of trees and had really big muscles. What wasn't to love about that for a female, even if I did consider myself a feminist?

It was an exciting time to be on The Pine Log staff, with war protests going on all the time on campus, marches for integration in downtown Nacogdoches, plus the ever present panty raids, bra-burnings and more! The Pine Log had some competition with an alternative/underground newspaper, The East Texas Free Voice, being formed, but I always thought it was good competition for The Pine Log and just made us work harder to serve our readers.

Of course, one of my most vivid memories was the year we got national coverage for our Streak Party at SFA in March of 1974. Being a journalist, I took my camera and shot photos of the hundreds of streakers who showed up next to the East College Cafeteria along with the thousands of onlookers like me. I remember that we made Time Magazine for that event.

I'll always be a big supporter of The Pine Log because of the effect that it had on me during those turbulent and exciting times at SFA. It provided the foundation for my experience in going to work after graduation for newspapers and in public relations and for being a writer, photographer, public relations specialist and journalism teacher. Above all, it provided a niche for this country girl who had gone to a one-room schoolhouse. My writing on The Pine Log was edited frequently, but I was never made to feel discouraged about becoming a journalist. It gave me the first opportunity in my life to have a byline, and I still feel a tingle of excitement today when I get one.

I am so thankful to have had the opportunity to be on the Stone Fort staff as a freshman. Thanks to Mindy, Mary and Pat for having patience with me. Thanks to all the photographers and writers that assisted me in my section. I can't wait to see the finished masterpiece, the Stone Fort!

sarah mullen
academia editor

I am excited to see what the rest of his year will bring! Mary, thanks for answering my questions. Pat, thanks for helping me with contacts. Photographers, I couldn't have done it without you. Mindy, sorry you had to put up with my procrastination. Thanks for being so patient with me. Sydney, thanks for answering all my stupid questions and helping me out when I was completely lost! I appreciate you guys ad I am looking forward to seeing the complete book. Axe 'em Jacks!

haley hoskins
greeks editor

To be actively involved in cherishing the memories at SFA's students is an honor in itself and for the opportunity. I am so grateful. Thanks so much Mindy and Mary for pushing me to do better and for keeping me accountable. Pat, thanks so much for keeping me sane. I felt at times you should have charged me for those talks in your office! Students of SFA, I hope you enjoy this book as much as I did working on it! Axe 'em Jacks!

arlene morales
organizations editor

Wow, I can't believe this is my last book. Every semester I told myself I wasn't coming back, and now I'm glad I did. I still remember the summer at freshman orientation when I came to the office praying I would actually get hired. Thank you Mary for taking a chance on me. You have answered my silly questions and I really appreciate all the help you have given me. I'll take everything I have learned from you with me on my first year of teaching. Mindy, it still amazes me how excited you are about this book. You've worked so hard, and it will be a great book.

I would like to thank both Mary and Mindy for giving me the opportunity to annoy y'all. I truly had a blast working with y'all. Mary, you always have a way of making everything work out for the best. Mindy, you have done a great job with this sucker, and I am proud to have been part of the staff. Justin, although it was crazy at times, it has been fun. Thank you Pat for always lending a helping hand and friendly encouragement. A special thanks goes out to all the athletes at SFA. You are why I loved putting this thing together.

Well, making this book was a whole lot harder than I imagined it was going to be. Believe me when I say there were a lot of days that I thought I could not get through it. Sydney, thanks for picking up my slack- I owe you big time. Mindy, thanks for keeping me focused. For everyone else, enjoy this book because it took a lot of long nights and busy weekends from the staff to get this book done.

WHEN I WAS YOUNG, I HATED THE COLOR PURPLE. So when I decided to come to SFA, my mom was shocked. Of course, I've grown out of that stage, and half of my wardrobe is purple. I came to SFA because after one weekend here, I knew it was the place for me to spend my college years, and I was right. My parents, both alumni from UNT in Denton, wanted me to go there and be Mean Green, but it was too close to home for me. Ironically, after being here a year, I meet my boyfriend of two years, Jerry, and he attends UNT. Still today, I know that SFA was the place for me. I've meet people who have changed my life.

Pat- Thank you so much for being my mom away from home. You've been there for me for three and half years, through thick and thin. Thank you for putting up with me for so long. I'm still in shock that you haven't killed me yet!

Mary- Thank you for your patience with me. I know I can be crazy at times. Again, I'm in shock I haven't been killed yet.

To my photographers- Thanks for always willing to work hard. Through the good and bad, y'all keep coming back for more. Justin- you're going to do great. I have complete faith in your skills. Ashley- I love you chica! You're so much fun to work with. Katie S. - Still today, I swear that you are the sweetest person on the face of the Earth. Katie W.- Thanks for always being there for me. You've made Nacogdoches a better experience for me. Sydney- I still don't know how you get all your stuff done, but you always do it perfect.

To my yearbook staff- Y'all are awesome! It was a great pleasure working with all of you. Rachael- You can do it! You did a great job. You're so much fun to work with. Haley- I love how cool you are under pressure. You are such a sweetheart. Arlene- without you, I wouldn't have been able to do it. You're amazing. Sarah- Thank you for your organization. You were always on top of things. Justin and Sydney- you already know I love you both to pieces.

To my writers- Y'all are wonderful. I know there were times I made you busy with work for the yearbook, but y'all always came through. Lindsey (L. Pet/Jew Low) –You are my girl! You know I love you half to death and I'm going to miss you. Lamar- You are the coolest person I know. You always came through for me. Holli- You're awesome! Thank you so much for all your hard work. Lindsey S- You are the best! You did a great job with editing The Pine Log. I'm going to miss you. Austin- Thanks for being my big brother through my years at SFA. You're awesome!

Amanda- My favorite Taylor representative. Thank you for all your guidance. I hope this yearbook can hold a candle next to your past two books. You're the greatest!

Sarah Burns- You have been the best roommate in the world. Thank you for being you and putting up with me. I'm going to miss you, girl.

The Pine Log and The Stone Fort have made my life at SFA the best three and half years of my life. I couldn't have asked for better people and a better experience.

Thank you to everyone who has made SFA my home. I'm going to miss Nacogdoches, but I will always be a Lumberjack.

I hope everyone enjoys the 2007 Stone Fort yearbook.

Axe 'em Jacks! and Good Luck!

Lumberjack Baseball players, Gabe Garcia-Serrano, freshman shortstop, and Jared Schrom, freshman pitcher, watch the Lumberjacks beat the Sam Houston State University Bearkats.

Photo by Sydney Davis

Pine Log photographer, Ashley Cook, Ore City senior, was working at a Lumberjack football game. Her photographs reflect the student body and faculty at SFA.

SFA colophon

The 82nd edition of the Stone Fort was the creation of an all-student staff at Stephen F. Austin State University. It was printed by Taylor Publishing Company in Dallas, Texas. The sales representatives were Amanda Reynolds and Lee Briggs, and the account executive was Tami McConnel. 2,500 copies were printed. The price of the book was $48.

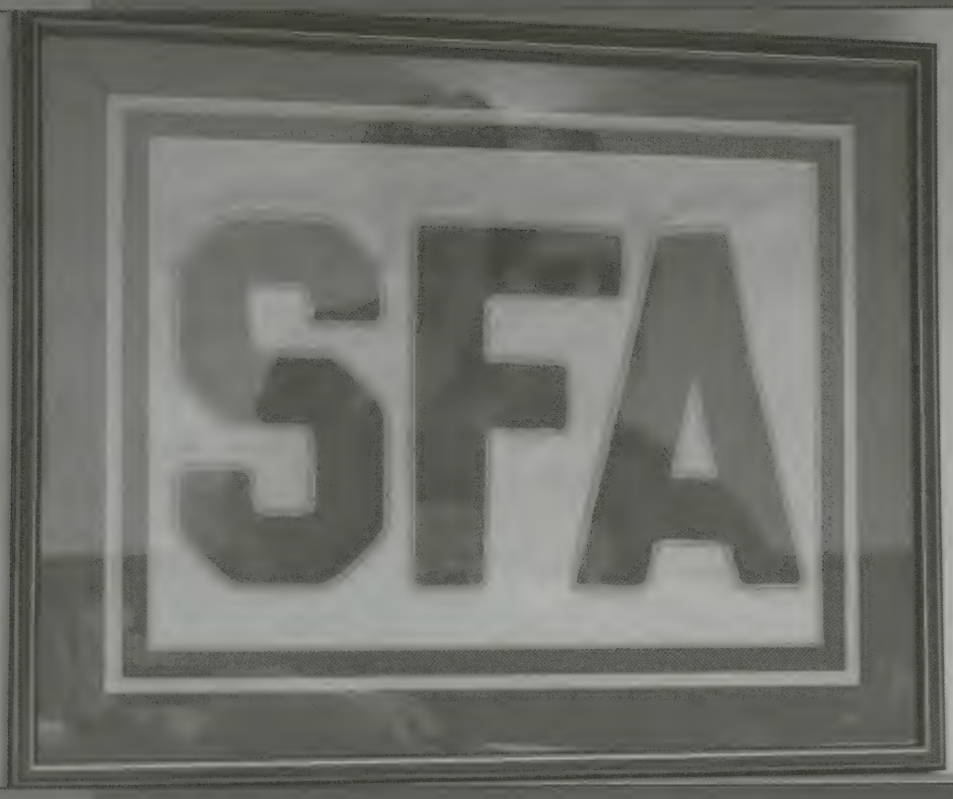

Photo by Mindy Arendt

Copy and Design

All copy was written by Stone Fort and The Pine Log staff members. End sheets and division pages were designed by Mindy Arendt, Editor-in-chief. The opening, the closing and the scholars section were designed by Mindy Arendt. All other pages were designed by their respective editors.

Photography

Stone Fort and The Pine Log photographers took all photos unless otherwise noted. Photos were taken with Nikon D70s, Nikon D1 and Cannon Rebel cameras. Photo credits accompany all photos in the book. Auxiliary Services provided all 11,000-plus student ID photos for the scholars section.

Typography

Tahoma Regular 12-point were used for all body copy. Verdana was used for all captions and folios. Various sizes of Warnock Pro was used for all headlines.

Printing

All pages were printed on 100# dull enamel paper. Signatures one and 22 were printed using 4-color processing. Signatures thoughout the book use 4-color processing. All other pages were printed using only black-ink processing.

Cover

The 2007 Stone Fort cover was designed by Mindy Arendt. The cover is Black Matte with black ink. The "Stone Fort," spine and seal on the back are blind embossed with black ink over printed.

Production, Contact and Copy

The 2007 Stone Fort was produced on Macintosh iMac computers using Adobe InDesign CS2, Adobe Photoshop CS2 and Microsoft Word. The Stone Fort has been the official yearbook of Stephen F. Austin State University fo 82 years. Editorial content does not necessarily reflect the views of the University.

Staff

The 2007 Stone Fort staff went through an application and interview process. Mindy Arendt was choosen by a board of SFA faculty and staff. Other staff members were choosen by Mindy Arendt and Mary Uresti, Stone Fort Advisor.
